

1. On Sunday 10th October, the congregations of Fortingall, Glen Lyon and Kenmore came together to worship and celebrate Harvest at Fortingall Church.

2. The Church was resplendent having been beautifully decorated with flower arrangements inspired by Harvest hymns in each of the Church windows. In addition, flowers, local produce and locally baked bread created a lovely display at the front of the Church.

3. Thank you so much to all who contributed to the decorating of the Church – it was very much a combined effort which truly celebrated the many wonderful and bountiful gifts of our corner of God's Kingdom and the many talents amongst our parishioners!

4. The Service itself, which was much enjoyed by all, was also a great example of our Church community working so well to support one another. Thank you to Elaine for her welcome and for leading us all in prayer, thanks also to Margaret from the Women's Guild for her talk about the charity Mary's Meals and the Haiti Earthquake appeal to which donations were gratefully received. Robert, our interim moderator, led a sermon inviting us to reflect on our 'riches' and encouraging us all to put these to good use and to benefit others less fortunate. Prayers and readings were shared by Kate and Gordon and Sandra played the organ – thank you to all who contributed and for the kind words and lovely feedback from all who were able to attend.
