

## **Tuesday Evening Home Group**

Following on from the Start course (held in early 2016), a house group was formed which meets every fortnight, initially we studied the Pilgrim course.

We now follow a course based on one of the bible readings that was used in the worship service from the Sunday before. The readings are predominately from the New Testament. We start with prayers, then the group is given an image to look at. We discuss the image between us and then look at some relevant questions which we discuss as a group. Then we look at the reading. The reading is read by three different people with a short period of reflection between each reading. We all then point out anything in the reading that particularly stands out to us and discuss this as a group.

We usually close with an intercession prayer read by the group or by some individuals.

We like to keep the meetings informal, light, inclusive and interesting for everyone. The differing viewpoints of the anyone who attends the group always makes for meetings that are full of interesting discussion. We usually have between six and eight regular attendees. We recently attracted new people.
