

The National Burial Grounds Survey, Church Heritage Record of the Church of England

<https://www.churchofengland.org/resources/churchcare/churchcare-news/national-burial-grounds-survey>

joseph.elders@churchofengland.org

Phase 1: Every Anglican churchyard, extension and cemetery boundary in England has been digitally mapped, and heritage and ecological data is being added, from monuments to bats

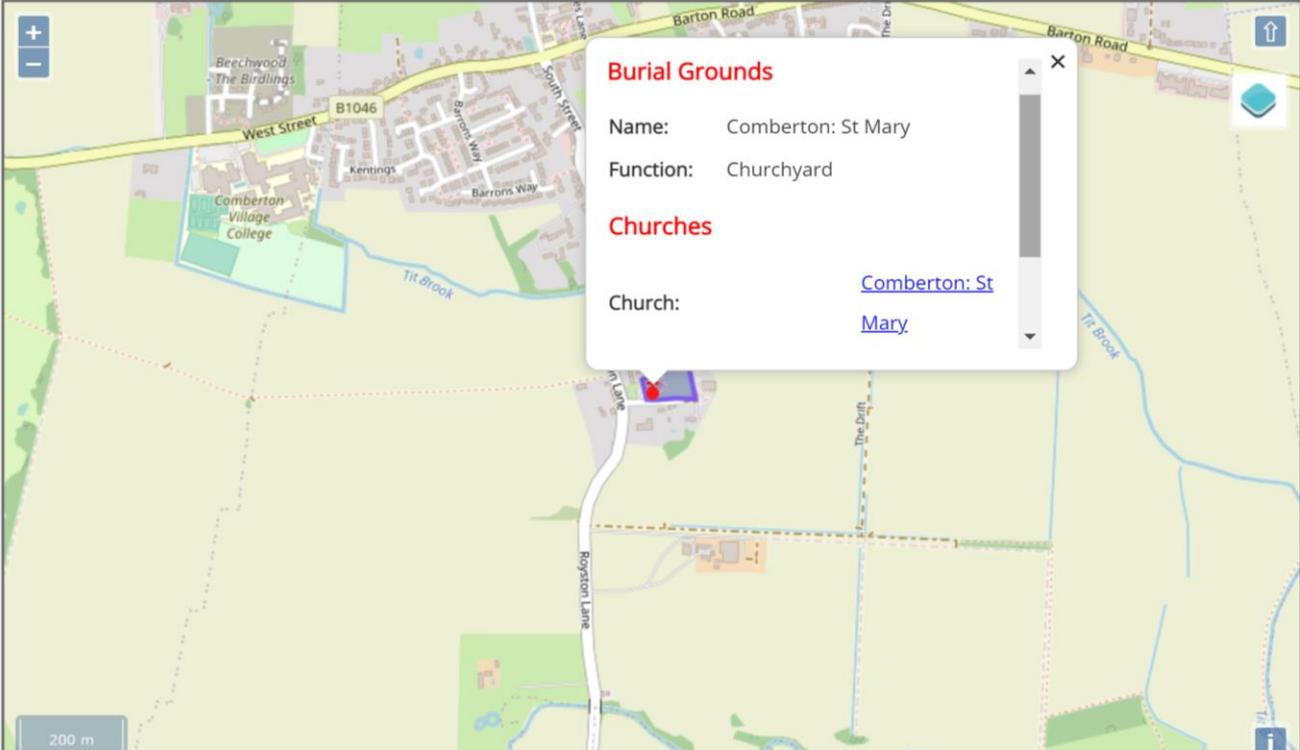

ine.churchofengland.org/churches

Find a church

Church name: Edit Comberton: St Mary Church code: Edit

Placename, postcode or grid ref Search

Burial Grounds

Name: Comberton: St Mary
Function: Churchyard

Churches

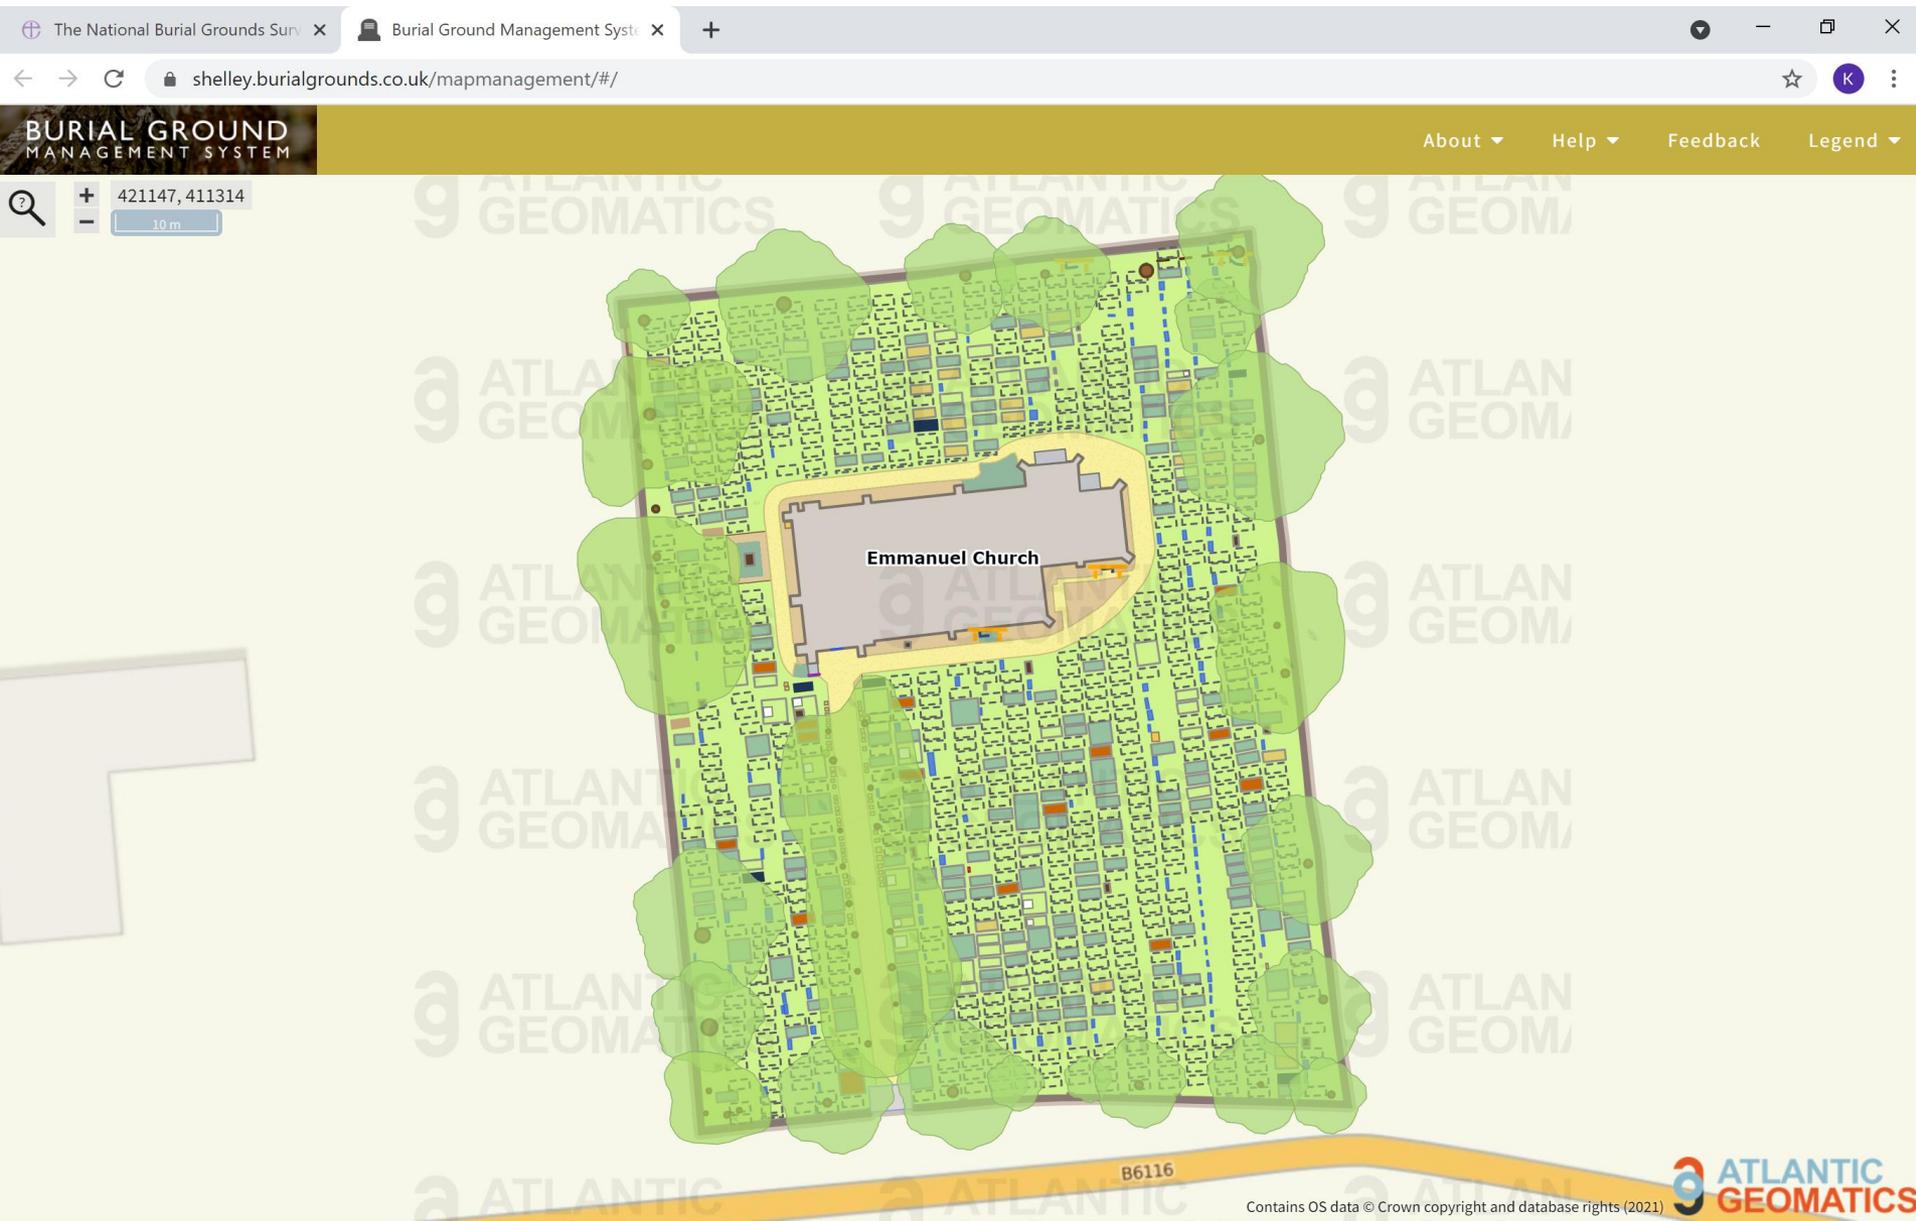

Church: [Comberton: St Mary](#)

200 m

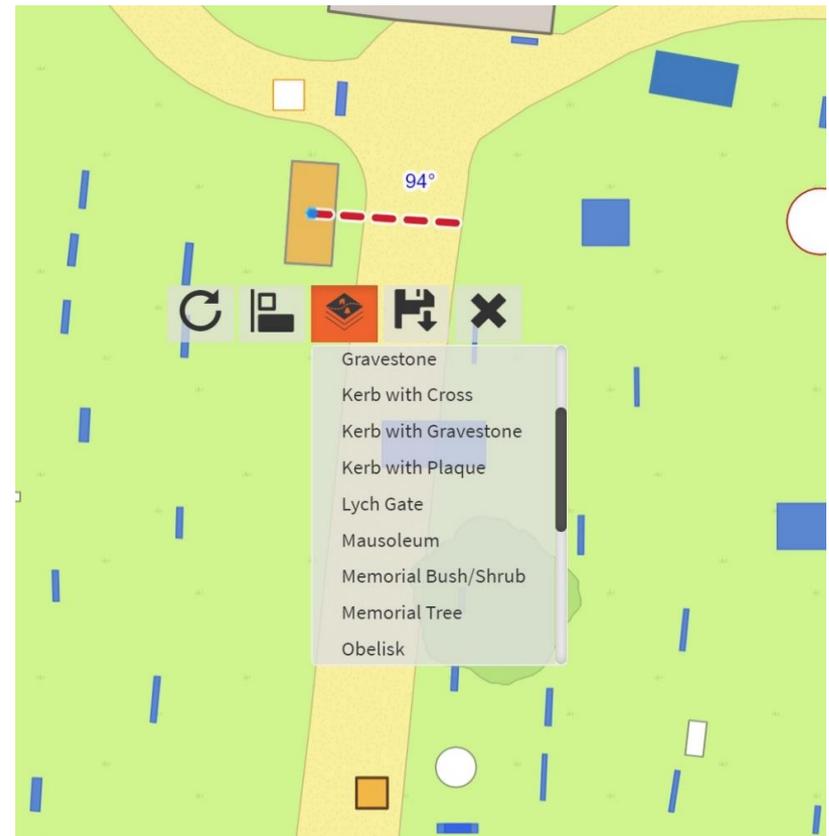

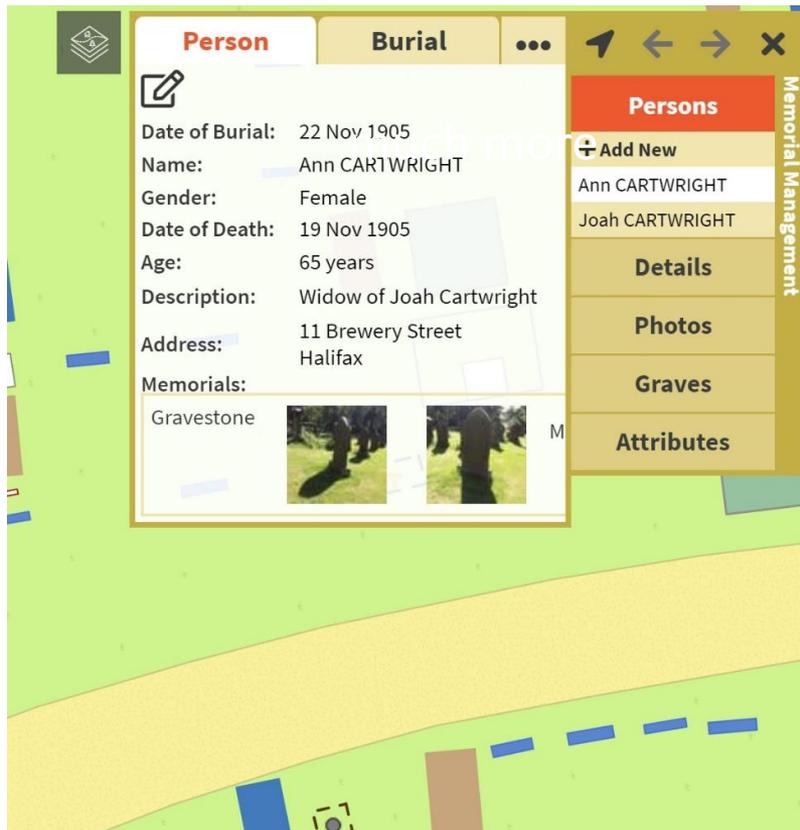

Phase 2: Every PCC will be offered a free online digital plan of their churchyard(s) and church(es) and integrated scans of their Registers by our partners Atlantic Geomatics

A live example can be downloaded at:
<https://shelley.burialgrounds.co.uk/mapmanagement/#/>

Phase 3 (optional): By subscription, the burial ground manager can update the online map, add grave reservations and new memorials, plan paths and utilities, create tours, etc

A 3-D model of the church and churchyard is automatically generated, and UAVs (drones) can be used to spot high-level problems (these available at cost)
