

## News on “Feed the Hungry”

Sister Hazel found that rather than travelling to Louth in Lincolnshire there was a depot closer to home that was willing to receive our boxes of children’s garments. The latest load of clothing has just been taken to this “Feed The Hungry” depot in Hinckley.

Gwyn Williams, “Feed the Hungry”

The manager was extremely grateful to receive the 15 boxes (733 garments) that we delivered and especially so, as it was just in time to boost their shipment load destined for refugee camps in Athens.

Huge thanks go to all those who have generously given their time to contribute to this magnificent result and for, once again, supporting this charity. (All home-made garments for young children are always very gratefully received, especially baby blankets, woolly hats and mittens!)

It was so interesting to hear of the charity’s work. As well as giving assistance internationally it is very busy supporting food banks in the Midlands, especially at the moment with the effects of Covid 19 being felt harshly by so many.

“Feed the Hungry” Depot
