

REVEREND BRIAN VICTOR ROGERS

Reverend Brian Rogers was the vicar of Cotterstock along with Tansor, Warmington, Fotheringhay and Southwick for 19 years.

He championed the floodlighting of St Andrew's and after considerable village fundraising in July 2012 they were installed.

The floodlights were blessed by the Bishop of Peterborough the Right Reverend Donald Allister at a St Andrew's Day service in November 2012. Brian established the St Andrew's Day Services and candlelit Carol Services, he also started the tradition of a Remembrance Service in Cotterstock too, all of which were well supported.

On Sunday 26th April 2015 Brian held his last service in St Andrew's to a packed congregation. Afterwards a cake, iced with a fishing scene, champagne and refreshments were served as villagers wished him well for his move to Ireland and a long and happy retirement.
