“For we walk by faith, not by sight.” (2 Corinthians 5:7 ESV)

How do you feel when you are left in the dark when there is an electricity blackout? It is hard to see until your eyes acclimatise. Or when you manage to find the candles or a good torch, to assist you find your way around. It can be quite a frightening experience depending on where you are when it's so dark. It is like this when we have the dark times in our lives, we find it difficult to find our way, but we as Christians do walk in faith not by sight. This is a time when we have to trust God to lead us and not rely on our own resources. We have to trust and believe that God will lead us through the dark times in our lives. He will see us through the darkness and out once again into the light. We may not always see right away, but in trusting God and truly believing in his word when the time is right we will see what God has done for us. When you opt to trust with a belief in the love of God the dark times will hold no fear. We will feel God taking our hands and leading us through the darkness and out into the light.

Loving God help us to put all our trust in you, and have the faith in you to lead us daily in all times good and bad. Hold our hands and we ask you to walk with us. Amen.
