Editor Rev. Geoff Garrett, The Rectory, Condover, SY5 7AA Cut-off date for magazine material: 14th of each month.

From the Rector

Dear Friends,

As we acknowledge Bible Sunday this month, it's a good opportunity to ask the question: why should I read the Bible?

The Bible is the world's best-selling book of all time. However, it isn't one book, but a library of 66 books, composed by some 44 writers over a period of 1500 years in a range of literature including history, poetry, prophecy, letters and apocalyptic (end times). Despite having a number of different writers, the Bible claims one author: God himself!

This is the basis of the unity of its message and authoritative claim to be the primary way by which God speaks to us: 'All Scripture is God-breathed and is useful for teaching, rebuking, correcting and training in righteousness, so that the man of God may be thoroughly equipped for every good work' (2 Timothy 3:16). The Bible is inspired ('the word of God in the words of men') and presents itself as a manual for life, equipping us to live for God in every aspect of our lives. We also have the promise of the Holy Spirit to guide us in applying the words to our lives: 'the Spirit will guide you into all truth' (John 16:13).

At her coronation the Queen was given a Bible with the words 'the most precious thing this world affords'. Does this reflect our own attitude to the Bible?

Who authorised the Bible, anyway?

Question: If it was the Church that finally decided which books should be included in the Bible, then isn't the Church the top authority? **Answer:** No; the Bible produced the Church, not the Church the Bible. This is the real issue: what caused a book to be accepted within the 'Canon' of Scripture? (Greek: kanon, 'standard' or 'rule'). The Old Testament was brought together from writings which were already considered to be scripture (which is what Timothy was referring to above) and the New Testament was brought together from writings which had become trusted and inspirational texts in the Church.

In this edition of the magazine we reflect on the bible and its meaning and place in our lives. Also we will be keeping the current revised pattern of services for the next couple of months as set out on pages 4 and 5.

Above all continue to keep safe and well and be assured that all our churches adhere to COVID safe precautions to provide both visitors and worshippers alike a safe place to be.

With prayerful good wishes to all.

Geoff Garrett

We were hoping that we would be able to celebrate Harvest outside allowing us to sing a couple of hymns, but the 'rule of six' means that we cannot meet in more than groups of six outside church. However, in church we can have as many as the building can accommodate, socially distanced of course! We still propose to have Harvest themed services and include much of the familiar Harvest music we love, but sadly no singing. Even with the restrictions we have, we can still give thanks for 'All Good Gifts around us'.

Condover, Shrewsbury, Shropshire, SY5 7AA Tel: (01743) 872108 Email: admin@condoverschool.co.uk

www.condoverschool.co.uk

Headteacher: Mrs K.L. Lewis

We were delighted to open the school to all pupils after the summer holidays. It has not taken the children long to get used to the new routines put in place to keep everyone safe. A big thank you to the parents who prepared their children so well for the return to school. Staff have focused on pupil well-being and identifying gaps in learning as a result of lockdown. Alongside this the children are experiencing a broad and balanced curriculum with much of the learning taking place outside in our super grounds.

Raindrops Class; All about me. In reception we have project plans for the term that will develop with the children's interests. Initially we will be finding out all about each other including our houses, pets,

gardens, family and extended family and family customs.

After we have spent the first week settling in, we will be asking the question- Is everyone else the same as me? We will be exploring diversity through this project and helping the children understand how everyone is unique and special.

This term, Ocean class are learning about WWII, We are looking at the impact of the war on British lives and some of the significant events of the war. Some of the pupils have already been

sharing photographs and stories of their relatives who fought in the war which has been really interesting!

Working together to live by our Christian values of

River Class will be using the book 'Coming to England' by Floella Benjamin as a stimulus to study London. The children will be learning about some of the famous London landmarks and will be comparing London with Trinidad. They will also be learning about the Great Plague of London, making links with the Covid-

19 pandemic. In science they will become more familiar with the plants and animals in our local environment. They will learn how to identify a range of British plants and animals,

and how to classify organisms, including the use of classification keys. They will also consider why organisms live in different habitats and the impact, both positive and negative, that humans can have on environments. As well as all this

he children will have lessons in other subjects such as PE, RE, geography and French.

In Estuary class, we are going to be learning about London. We will be exploring the plague and the links to Covid 19. On top of this we will be finding out about the Windrush using 'Coming to England' by Floella Benjamin to gather more information.

Stream class are learning about Farming. We are trying to answer the question, can farmers feed everyone all of the time? We are think-

ing about foods from all around the world, when they might grow and how we can make them grow.

If you have a child due to start school next September and would be interested in finding out more about Condover School, please get in touch with the school office on (01743) 872108 or email admin@condoverschoool.co.uk. Whilst we are unable to invite you in to school for a visit at this moment in time, we will be arranging a virtual tour and zoom meetings in the near future.

Condover Village Hall

NOTICE OF ANNUAL GENERAL MEETING TO BE HELD ON MONDAY 2ND NOVEMBER 2020 AT CONDOVER VILLAGE HALL COMMENCING 7.30PM

AGENDA

- 1 Apologies
- 2 Minutes of Last Meeting

Telling the time

The telephone repairman was on my street and asked me what time it was. I told him it was between 1:00 pm and 5:00 pm.

Where?

The police officer asked me where I had been between 5 and 6. He seemed irritated when I answered "kindergarten."

POEM OF THE MONTH

The New Day (in these present times) by Val Overton Davies

Whatever the new day may bring us, let's be hopeful and trust in our heart that together we'll strengthen each other, for nothing can keep us apart.

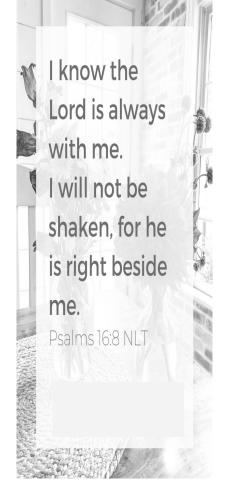

Our lives have been changed in an instant difficult changes by far, but remember, whatever those changes, nothing can change who we are!

It hurts to have lost the close contact. The comfort of someone's embrace. The smile that provides reassurance, now hidden by the mask on our face.

But it's kindness, true love and affection, that can stretch beyond physical touch and help us connect with each other to show that we care very much.

Like the voice on the phone that gives comfort to remind us we are never alone, and the neighbourly call on the doorstep, just to check all is well in the home.

But the one strength we ALL can depend on is with us from morning till night, and knowing the Lord is beside us just seems to make everything right!

Christ beside me Christ before me Christ behind me Christ within me Christ beneath me Christ above me « St. Patrick »

Church of England and RSCM await next steps following study into singing safety

The Church of England and Royal School of Church Music (RSCM) have been awaiting updated guidance on singing in places of worship after findings of a Government-backed study were published.

The research project, known as 'PERFORM', recently published its findings on measuring aerosol production from humans. It measured singing, speaking and breathing in a zero-background environment.

Researchers reported a steep rise in aerosol mass with increase in the loudness of the singing and speaking, rising by as much as a factor of 20-30. However, it was also found that singing does not produce substantially more aerosol than speaking at a similar volume.

The RSCM's Director, Hugh Morris said: "We welcome this news. Singing is of such importance in worship, and this is a really encouraging step towards its safe resumption.

"It is of course vital that all choirs and singing groups follow the relevant government advice, and so we look forward to receiving the latest guidance in this important area." The Church of England and RSCM both regularly update their advice following the publicatio

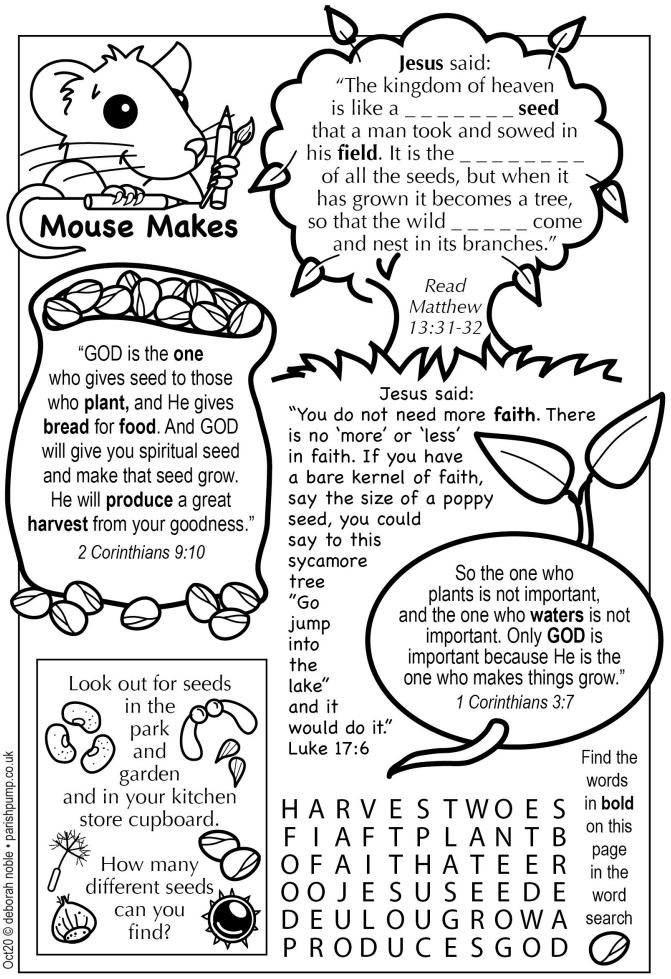

following the publication of Government guidance.

It can be read in the Bible in Matthew 24:44-51, Luke 12:40-46 A short story from the Bible

Jesus warned his disciples to be always ready for his return at the end of time by telling the story of two servants

Monthly column from Dan Morris – Shropshire Councillor for the ward of Burnell

Shropshire Council is working with and supporting a working group of founding sponsors that has come together to create a Climate Action Partnership for Shropshire. The new Shropshire Climate Action Partnership (SCAP) has been created to drive forward the urgent need for businesses and communities across the county to take action to address the climate crisis.

Both local authorities in the county of Shropshire are committed to the partnership which also includes key organisations like Shropshire Chamber of Commerce, Severn Trent and the Wrekin Housing Trust, and many more. By engaging with the business and local communities as widely as possible across Shropshire and Telford & Wrekin areas, the Partnership will aim to produce a zero carbon Shropshire Plan (ZCSP) by the end of 2020 that best represents the needs of the county. The plan will set out how the county can achieve net carbon zero by 2030 and will be implemented from January 2021.

From January 2021, the CAP will oversee the implementation of the ZCSP and the ongoing engagement with organisations, businesses, communities and local residents to build agreement and support for the actions and achievement of key milestones along the road to net zero Shropshire. Businesses are one of the largest contributors to greenhouse gas emissions in Shropshire. Our business community can play a crucial role in achieving a net zero carbon Shropshire by 2030. Businesses and residents alike are encouraged to become members or simply pledge their support to help the wider Shropshire community achieve net zero carbon by 2030, and can sign up at www.ZeroCarbonShropshire.org.

Mark Fermor, Chair of the Shropshire Climate Action Partnership, said:

"SCAP's mission is to bring together all of the diverse groups and initiatives into a coherent plan so that we can join up our efforts and have a plan that gives confidence for Shropshire residents. It will also give confidence to Shropshire enterprises that they need to invest in the right products and services to meet the local demand, and SCAP provides an excellent opportunity for these firms to showcase their solutions, invest in training and equipment for the future, and succeed in the local marketplace." Shropshire Council is committed to becoming net-zero carbon by 2030, but it is important to establish how this can be achieved for Shropshire as a county. There is an unique opportunity to deliver together a sustainable net-zero carbon Shropshire as the changes in behaviour enforced by the COVID-19 lockdown have led to decreases in carbon emissions and it would be good to bring something positive out of what has been an extremely difficult time.

For any further information enquiries can be made to the acting chair Mark Fermor via email MarkFermor@ZeroCarbonShropshire.org. To keep up to date with the latest news from SCAP by following Zero Carbon Shropshire on Facebook, Twitter and Instagram.

As always, if you have any questions or matters you think I can help on, please do get in touch by email (dan.morris@shropshire.gov.uk), on twitter (@dan4burnell), on Facebook (dan4burnell) or by phone (07902408400).

For information about Coronavirus check the .gov website and see image below.

Oppressed Christians struggling under Covid-19

Oppression and discrimination against Christians has increased during Covid, says Release International, which has launched an appeal to help Christians suffering during the pandemic.

Many Christians have been denied food and relief aid and excluded from support systems during lockdown. They have been abandoned by families because of their faith and refused relief by governments and NGOs.

At the same time, several countries have stepped up persecution against Christians. One of the worst offenders is China, where Christians have been arrested for simply holding prayer meetings online.

"The situation has got much worse for many Christians during lockdown," says Release International CEO Paul Robinson.

"Covid-19 is having a devastating impact on the lives of many poor Christians. In places hostile to the faith Christians are experiencing increased hardship.

"Food is now in short supply. They are unable to work and can't earn, and support is being withheld because of their faith. Their cries for help are being ignored by local charities who are distributing food packages only to families of other faiths. We can't afford to delay. These Christians need our help."

In **Algeria**, many Christians have had to stop work because of the lockdown, and so lost their income. They have been rejected by society and their families as a result of their faith. There is no social security in the country or government support. **Eritrean Christians** fleeing persecution have been barred from refugee camps and are unable to get support from UNHCR. And they refuse to resort to crime to get the money and supplies they need.

In **Pakistan** the situation is especially hard for converts from a Muslim background.

The only form of social security is family support, and Muslim families often withdraw support for family members who change their religion.

In several countries, lockdown has led to an increase in persecution.

In Upper **Egypt**, where Christians face discrimination for their faith, some organisations are allegedly refusing food and support to Christian families. Release partners report: "The authorities are helping Muslims but not Christians. And churches that try to help are being closed by police order."

In **China**, Release partners say the government is using the pandemic to step up its crackdown against Christians. They have accelerated campaigns such as the forced demolition of crosses. Pastors have been rounded up for sharing the gospel and distributing facemasks on the street. The authorities have "totally prohibited" online church services and prayer meetings, as "nothing constituting a religious service is allowed."

In **Nigeria**, the lockdown deepened the insecurity facing many Christian villagers, who face attacks by Fulani militia.

Paul Robinson of Release International says: "Right now, it's up to us in the family of faith to give them our support." Partners of Release International are providing food parcels to impoverished Christians in Algeria, Ethiopia, Egypt, Nigeria, Pakistan and Turkey.

Understanding the Bible

As we acknowledge Bible Sunday this month, it's a good opportunity to ask the question: *why should I read the Bible?*

The Bible is the world's best-selling book of all time. However, it isn't one book, but a library of 66 books, composed by some 44 writers over a period of 1500 years in a range of

literature including history, poetry, prophecy, letters and apocalyptic (end times). Despite having a number of different writers, the Bible claims one author: God himself!

This is the basis of the unity of its message and authoritative claim to be the primary way by which God speaks to us: 'All Scripture is God-breathed and is useful for teaching, rebuking, correcting and training in righteousness, so that the man of God may be thoroughly equipped for every good work' (2 Timothy 3:16). The Bible is inspired ('the word of God in the words of men') and presents itself as a **manual for life**, equipping us to live for God in every aspect of our lives. We also have the promise of the Holy Spirit to guide us in applying the words to our lives: 'the Spirit will guide you into all truth' (John 16:13).

However, the Bible could also be described as a *love letter* from God, as He uses it to deepen our relationship with him. As Jesus said: 'You diligently study the Scriptures because you think that by them you possess eternal life. These are the Scriptures that testify about me' (John 5:39,40). Christians follow a person not a book, and the Scriptures are intended to help us to know Jesus better.

At her coronation the Queen was given a Bible with the words *'the most precious thing this world affords'.* Does this reflect our own attitude to the Bible?

Murphy's Law or God's law?

'Don't ever stop thinking about what is truly worthwhile.' (Philippians 4:8 CEV)

It's reported that in 1949 Captain Edward Murphy, an engineer working on a project for the United States Air Force, became angry because of a wrongly wired transducer. Scolding the technician responsible, Murphy said, 'If there's any way to do it wrong, he'll find it!' Over time such thinking became known as Murphy's Law. Basically it states, 'Nothing is as easy as it looks. Everything takes longer than you expect, and if anything can go wrong, it will - at the worst possible moment.' How negative! Who would enjoy life if they lived it according to that philosophy? Because they always expected the worst - they'd get it! God's law disagrees completely with Murphy's Law. The world may expect Murphy's Law to operate in their lives, but as a redeemed child of God, you need to resist that kind of thinking and embrace God's law. In essence, here's what it says: 'If anything can go right, it will. Nothing is as difficult as it looks. Everything is more rewarding than it appears, and if anything good can happen to anybody, it'll happen to me.' Think how much more you could enjoy life if your thoughts agreed with God's law, and not Murphy's. The fact is, God has a great life for you - one He wants you to enjoy to the fullest. So instead of blowing everything out of proportion and contradicting God's Word, stand on this promise: 'We know...all things work together for good to those who love God, to those who are the called according to His purpose' (Romans 8:28 NKJV). That's what it means to live by God's law - not Murphy's!

SUNDAY 'BUBBLE' LUNCH

Sunday 11th October 2020

Due to Covid19 we are unable to hold our Annual Autumn Lunch this year, but we still want to support the RSH. We have therefore decided to hold a 'Bubble' Lunch. Your food, prepared by Oak Apple Catering, will be delivered to your door ready for you to 'cook/finish off'. *(full instructions provided)*

£15.00 per person

For more information please contact Libby Baines 07508 998322, Sheila Turner 07969 895934 or email <u>libbybaines8@gmail.com</u>

All proceeds raised go towards the RSH

Charity Number: 500509

'BUBBLE' LUNCH Menu

Selection of Canapes

Smoked Salmon Bellini, Mini Savoury Tartlet.

Tomato & Mozzarella Pearl Skewer

Fillet of Beef Croute with Salsa Verde

Fig & Roquefort wrapped in Parma Ham Roll

Main

Chicken Supreme, with Sage & Onion Stuffing & a Lemon and Thyme Glaze

Sautéed Potatoes, Prepared Vegetable Bundle, Prosecco Sauce

Dessert

Tart au Citron with Raspberries & Chantilly Cream

Any Dietary requirements notified in advance will be accommodated.

Psalm 90

'War simply aggravates the permanent human situation so that we can no longer ignore it. Human life has always been lived on the edge of a precipice.' (CS Lewis on World War II). Coronavirus powerfully illustrates this, and Psalm 90 demonstrates a right response to the crisis: 'Teach us to number our days, that we may gain a heart of wisdom.' (12).

The Shortness of Life

We live as though life will go on forever, but in reality our time on earth is short: 'A thousand years in your sight are like a day that has just gone by' (4). By contrast God, who inhabits eternity, sees the whole of history in a single moment. How can we see our lives in the light of God, who is 'from everlasting to everlasting' (2). True wisdom is making sure that we don't waste the time we are given in this life!

The Fragility of Life

Living to 80 years old is definitely an achievement! We know how we wear out in life until we are dust again: 'You turn people back to dust, saying, 'Return to dust, you mortals.'(3). This is the result of turning from God to sin: 'You have set our iniquities before you' (8). True wisdom warns us not to trust in our own abilities or seek satisfaction in the things of this world.

The Love of God

During the pandemic, many have lost loved ones, yet if we allow God's love to take hold of our lives, even death can bring us closer to God: 'Satisfy us in the morning with your unfailing love, that we may sing for joy and be glad all our days.' (14). True wisdom is able to ask: 'May the favour of the Lord our God rest on us' (17).
