Generosity:

A big thank you for recent donations to the churches. We are really grateful to all those who continue to support the church financially. If you find that you have a little extra income and would be able to increase your giving at this time it would help our financial situation enormously.

Inn Churches

Charities working with the homeless have been particularly hard-hit by the Covid-19 pandemic. Given the financial impact on so many individuals, homelessness and the demand for their services are set to increase dramatically, whilst their ability to raise funds is severely compromised. Bradford's very own charity, **Inn Churches**, has been forced to revise its model of providing winter shelters in churches around the district. It is felt that it would be impossible to provide Covid-safe transport and accommodation in 20 different churches over the cold winter months for vulnerable guests with a chaotic lifestyle. Instead, the charity will work with others such as Hope Housing and Humankind, to provide a comprehensive service to the homeless.

Over the last four years our own benefice has contributed practically and financially by providing a shelter for our homeless guests over the Christmas season. More than a hundred volunteers have given up their holiday time to make our project work and last year we raised a total of £1400, most of which went to support the parent charity.

This year we will not be able to provide a shelter, but we intend to raise funds to support Inn Churches. The usual sources of income, collections in church, carols in the pub and so on, are not currently feasible. So instead we will be asking individuals to contribute, either by fund-raising events or more likely, by personal giving.
