

Dear friends

This is an urgent appeal for prayer for the current state of unrest, violence and looting in Kwa-Zulu Natal and Gauteng. Please pray that the government, police, and armed forces will be able to regain control without excessive force. Pray for a resolution to the contempt of court case that has put Ex-President Jacob Zuma in jail and acted as the catalyst for the violence.

We believe there was an attempt to stir up riots in Cape Town today, but so far it has come to nothing. However, the ongoing Cape Town taxi wars have flared up again and several people have been shot this morning. Please pray for Caroline as she drives into the City of Cape Town tomorrow for a Covid job.

On a happier note, we give thanks for the wonderful Tanzania Phase 3 training that took place online last week. Despite internet problems in South Africa, we were able to conduct the training to schedule (with a certain amount of flexibility). We were very impressed with the progress the participants had made since they did Phase 1 in October. It was so encouraging!

Thank you!

Caroline and Dick
