

# Christ Church Eaton

## Wedding Fees for 2022

If you are struggling to afford a church wedding, or finding yourself in financial difficulties, please discuss this with Patrick, the vicar, as we might be able to help.

**Marriage Service** - This basic legal fee includes the church, vicar, a verger, lighting and administration. **£480.00**

**Publication of banns at Christ Church** - Banns are necessary unless you are marrying by licence. Please remember that if either or both of you live in another parish, you must arrange for banns to be called in the other parish(es) as well. **£32.00**

**Heating Charge** - Required from October to April inclusive. Heating is optional at other times, but you must confirm you want it and pay *before* the day of your wedding. **£75.00**

## Optional Fees

It is possible to pay for the organist, choir or use of the organ and to have recorded music. The organist will charge a fee for formal recordings of their playing. Please consult Matt Wright ([organist@christchurch-eaton.org.uk](mailto:organist@christchurch-eaton.org.uk)) about all musical requests.

**Organist** **Min. £115**

**Livestreaming** - The service may be livestreamed & recorded if required. **£50**

There is also an extra organ fee of **£50** if the organist is formally recorded. **£50**

The office will send a checklist of options with prices with a confirmation letter. Once all requirements are agreed, you will then be sent an invoice.

**Heating Charge (October to April or when unseasonably cold)** **£75**

If you would like to offer an extra donation towards the upkeep and work of the church, we would be delighted, but there is no expectation. You can find information on giving at <https://christchurch-eaton.org.uk/about-us/giving/> and on our Friends of Christ Church group at <https://christchurch-eaton.org.uk/about-us/friends/>

## Payment details will be included on the invoice
