

If you are unable to join at these times consider setting aside time to pause, to pray at home. A time to think about the Edgemoor Group and the future plans, a time to think about the many affected by the pandemic, economically, personally, spiritually, those who are unable to see family, those in Care Homes, hospital, isolated. The doctors, nurses, carers and all in the emergency services.

A time to pause and think beyond our own locality, Syria, Belarus, Lebanon a time to pause and think about those trying to find a safer place for themselves and their families.

A time to also think about ourselves, where we are, where we might be going, our own concerns and our joys, blessings.

A time to rest, pause and pray.

Revd Michael Rogers will offer some reflections to lead us through the week. These will be put up on the Edgemoor website and also printed in a little booklet – please contact us if you would like a hard copy.

None of us are alone.

God Bless

Rev'd David Baker
