*1. You can grant consent to all the purposes; one of the purposes or none of the purposes. Where you do not grant consent we will not be able to use your personal data; (so for example we may not be able to let you know about forthcoming services and events); except in certain limited situations, such as where required to do so by law or protect members of the public from serious harm. You can find out more about how we use your data from our "Privacy Notice" which is available from our website or from the Parish Office or at <http://www.stjohnswelling.org.uk/data-protection/>. You can withdraw or change your consent at any time by contacting the Parish office*

*2. The medical profession takes the view that a parent's consent to medical treatment cannot be delegated. This view is explicit in the Children's Act 1989. Medical consent forms have no legal status and a Doctor has the right to insist on parental consent to treat a child. However it can be a comfort to medical staff to have general consent in advance from parents or have a leader on hand to sign forms.*
