Seeing is believing? (Rev Christine Kerr)

This saying was first quoted in the 17th century by an English clergyman, Thomas Fuller.

How interesting that this saying was quoted by a man of Faith, especially as Gods word says the righteous shall live by Faith (Romans 1 v 17). Believing is seeing (Hebrews 11 v 1).

The vicissitudes of life might challenge our faith in God but it is then that we need to remember what God has said, what He has already done, how he kept us, brought us through and how we overcame. Remember, even if we can't see it yet, believe it. God is Faithful to His promises.

HOLD ON...DON'T GIVE UP...WIAT ON THE LORD!

Engage: Take time to remember your victories. As you go about your day, look for opportunities to encourage someone who might be struggling – in life, or in their faith journey. Share your journey or just be a listening ear and offer a prayer. Let them know Jesus cares.

Prayer: Father, thank You that You are always Faithful to Your promises. Amen
