Sowing Seeds of Righteousness

(Pastor Clifton Campbell)

As I reflect on my evangelism encounters today, the text that I drew from is Hosea 10:12.

The thought I want to share is “Sowing seeds of righteousness”. If you want to see lives changing, just plant seeds of love deep in a person’s heart. Nurture it with a smile, a prayer, the word of God and watch it grow, blossom and bear fruit.

Maybe there is an employee/colleague that needs a compliment, a spouse that needs affirmation, a widow or widower needs a hug and the list goes on. Sowing seeds of love is like planting corn. We don't know how they grow but God gives the increase.

Let's not underestimate the power of a seed. In every seed there is plant waiting to produce but we have to plant it in fertile soil. Just plant that seed today and watch it grow.
