EVERYDAY EVANGELISM ENCOUNTERS

Monday
Day 4

Revival : A Paradigm Shift (Rev Christine Kerr)

A paradigm shift is a fundamental change in our experience, understanding and approach to something.

God is doing a new thing in this season of our church and in our lives, shifting our hearts and minds to things never seen or done before.

Revival is both outward and the inward work of the heart. Revival is a continuous process of being transformed and integrating your faith into ALL aspects of life.

ENGAGE: God is shifting you. Its time to recognise that you carry revival in you, every day, through the Spirit. Are you ready to release the fire – through your song, poetry, art, book to be written, business to start or sharing your life journey, to encourage others or pass on a legacy?

PRAYER: Holy Spirit, forgive me where I quenched you. I surrender to You. Move through me to reach my world. Amen
