**Day 2**

## Under New Management

(Rev Christine Kerr)

There is, therefore, no condemnation for those who are in Christ Jesus, who do not walk according to the flesh but according to the Spirit (Romans 8 v 1)

Seeing a business sign 'under new management' can make you think that a business is in need of transformation, and that new management will make that happen. This isn't always the case.

There are many lives, people who feel broken, condemned, in need of transformation. We can share the good news that Jesus can set them free and bring total transformation.

ENGAGE: Call or arrange a meet up with someone who needs to experience salvation and the transforming power of the Holy Spirit and share how God has helped you in your life and set you free.

PRAYER: Father thank you for changing my life. Let others come to know you through my testimony. Amen
