The City of London Hygiene Bank.

The values of the Hygiene Bank are:

We challenge injustice: It's not right that anyone should experience hygiene poverty. We take action by raising awareness to drive meaningful change.

We foster wellbeing: Everyone deserves to be able to care for themselves and their families. We know access to hygiene products is key to anyone's health and wellbeing.

We are compassionate: We stand alongside those in crisis. Our purpose is to ensure no one is held back from participating in society because of hygiene poverty.

We are community: We believe in building stronger, resilient communities by working together to shape a more just society.
