

Bishop's chairs and litany desks

The bishop's chairs are special chairs two of which stand near the entrance to the chancel and two stand in the sanctuary. They are made of wood and 'IHS' is carved on the backs of three, with another chair having 'Do It With All' carved on it. 'IHS' or 'IHC' are the first three letters of the Greek for Jesus (IHCOYC). At some time during Revd Job's incumbency in 1895 one of these oak chairs was presented by the Communicants' Association. Two of the chairs are exactly the same, with the carving 'IHS'. The litany desks are prayer desks for the clergy. They are also made of carved wood.
