SECTION 1 - Introduction

The purpose of the District Advance Fund (DAF) is to provide funding for personnel and property projects that further the mission of the church in line with the District's purpose to support enable and challenge. The DAF receives income from Methodist central funds through an annual levy from Circuit Model Trust Funds held by Circuits in the Northampton District and an allocation of the net levy income of the Connexional Priority Fund. The DAF provides funding for projects through the award of grants.

There are three types of grants available from the DAF.

1. Personnel grants to support the employment of lay people or the provision of ministerial benefits. Applications for grants of up to £8,000 per annum for a maximum of 5 years will be considered
2. Property grants to support projects to improve the available facilities. Applications for single grants will be considered usually up to a maximum of £8,000.
3. Mission and Next Generation Oversight grants for up to £1,000 (MANGO1000) to be used as "seed funding" for new initiatives. See www.northamptonmethodistdistrict.org.uk/mission/mission-and-evangelism-4877.php for more details.

In addition to the DAF, funds are available from the London Mission Fund for allocation by the same process. These funds may be allocated to the Amersham, High Wycombe, Milton Keynes and Vale of Aylesbury Circuits or to some parts of the Oxford Circuit.

The Connexion also considers grant applications from churches and circuits. For information and application forms, see www.methodist.org.uk/mission/connexional-grants This District Policy document does not include any details of Connexional grants and all necessary information is available at the above link.

SECTION 2 – Summary of District Policy Statement

The purpose of the Northampton Methodist District is to enable, support and challenge local churches and circuits as they respond to the calling of being a Methodist Church or Ecumenical Partnership in their local context.

This will be achieved through the work of District Staff and Officers, paid and voluntary, working locally with individuals, churches and circuits, who will

- enable development
- support initiative
- challenge current situations

The Priorities of the Methodist Church

In partnership with others wherever possible, the Methodist Church will concentrate its prayers, resources, imagination and commitments on this priority:

To proclaim and affirm its conviction of God's love in Christ, for us and for all the world; and renew confidence in God's presence and action in the world and in the church.

In addressing this priority, the Methodist Church will give attention to:

- underpinning everything we do with God-centred worship and prayer
- supporting community development and action for justice, especially among the most deprived and poor – in Britain and worldwide
- developing confidence in evangelism and in the capacity to speak of God and faith in ways that make sense to all involved
- encouraging fresh ways of being church
- nurturing a culture in the Church which is people-centred and flexible

SECTION 3 – Criteria for District Grants

Applications for District grants must demonstrate how the proposed project will meet the aims of the District Policy that is summarised in Section 2.

The following general principles are intended to provide the guidelines that will be used to assess applications. Where there are exceptional circumstances, the criteria set out below may be waived.

1. The Director of Mission (DOM) must be contacted as soon as possible to assess the project's relevance to the District Policy. Applications will not be considered if a meeting has not taken place with the DOM or a substitute member of the District Staff.
2. DAF grants are intended for new initiatives or to enable significant developments in existing work. Applications will only be considered in advance of the start date of the project and grants are not intended to provide a permanent source of funding.
3. The maximum grant will be £8,000 for property, £8,000 per annum for 5 years for personnel and £1,000 for MANGO1000. If the balance in the DAF is sufficient, it may be possible to allocate a lump sum of up to £50,000 to any one scheme. Multiyear grants will normally be awarded on a diminishing basis.
4. DAF grant approvals, including those for future years, must not exceed the funds currently available in the DAF. If there are sufficient applications, it is intended that at least $\frac{1}{3}$ of the total DAF would be allocated to personnel projects and at least $\frac{1}{3}$ to property projects.
5. A DAF grant should be part of a funding package that includes, where appropriate, funding from the circuit. Applications for larger projects will be expected to demonstrate that there are other funding partners such as the local authority, voluntary and business sector partners, connexional sources or ecumenical partners.
6. Applications for all grants, including those on behalf of a local church, must be made and approved by the Circuit Meeting. Church Council approval is also required where applications are for a local church. Circuits are expected to make use of their own financial resources for the support and development of ministry and mission. A DAF grant is intended to help bridge the gap between what is available and what is required.
7. Applications for personnel projects should indicate how the project may be funded after the initial grant has been used. They should also include, where possible, proposed targets that will be used to assess the success of the project on an annual basis.

SECTION 4 – Application Process

Personnel and Property Grants

Hard copies of completed application forms and supporting paperwork, must be submitted to the District Grants Officer by the due dates (30th November and 31st May). Property schemes also need to be entered onto the Property Consents Website. For information, contact the District Property Secretary.

Prior to submission, the following must be completed or the application must contain an explanation of why it has not been possible and when they will take place.

1. A meeting with the DOM or alternative member of the District Staff.
2. Approval of the Church Council, if necessary.
3. Approval of the Circuit Meeting.

The following documents must be included in the application. It should be noted that brief, but informative, documents will facilitate the assessment process.

- a) Completed Application Form signed by the Circuit Superintendent Minister.
- b) A description of the project including the aims and objectives and a Job Description, Person Specification and any other relevant details.
- c) An explanation of the local need that will be met by the project, together with supporting data and information.
- d) Details of proposed targets that may be used to evaluate the success of the project.
- e) A copy of the Circuit Mission Policy and the local church profile if applicable.
- f) A copy of the Standard Form of Accounts for the circuit or the church if the application is on behalf of a local church.
- g) The estimated expenditure for the period of the project for which the grant is requested.
- h) The proposed funding package that meets the expenditure in (f) above.
- i) The current balance of the Circuit Model Trust Fund together with details of commitments for the use of the funds that have been approved by the Circuit Meeting.

Applications will be considered by the District Finance and Grants Committee and the recommendations of that committee will be submitted to the District Executive for approval. The recommendations of the District Executive will be presented to the next meeting of Synod and payment can be made following the approval of that meeting.

MANGO1000 Grants

Contact the Director of Mission by email and you will be sent some questions to be answered by email. The MANGO1000 group will review the information provided and will give a decision in a few weeks. Payment can be made as soon as the MANGO1000 group has given approval.

SECTION 5 – Timetable

DAF Applications

<u>Submit to District Grants Officer</u>	<u>Finance and Grants Committee Meeting</u>	<u>District Executive</u>	<u>Synod</u>
November 30 th	January	March	Spring (April/May)
May 31 st	July	September	Autumn (September)

Payment of the grant will be made following approval by Synod. Applicants must contact the District Treasurer to agree an appropriate date for payment for personnel projects and the District Property Secretary should be contacted regarding property schemes. Payment for personnel projects will not be made before the appointment has been made and must be within 2 years of approval.

MANGO1000 Grants

There are no application deadlines to be met.

SECTION 6 – Monitoring and Evaluation

For projects that extend over more than one year, annual monitoring and evaluation reports will usually be required before subsequent payments will be made. These reports will be collated by the District Office for the members of the District Finance and Grants committee to review at their July meeting. These reports must demonstrate that the project is fulfilling its initial aims and those contained in the District Policy Statement. A financial report will be required to demonstrate how closely the original funding package and budget has been followed.

This report should not be completed by the person who is employed as a result of the award of the grant, but by their supervisor or minister.

District Advance Fund - Monitoring and Evaluation Form (Appendix C)

In accordance with the District Grants Policy, the continued payment of your grant is dependent upon the receipt of a satisfactory monitoring report.

This report must be completed by the supervisor of the project or by the Minister and not by the individual whose employment is dependent upon the award.

Please ensure that the completed report is submitted to the District Office before May 31st. Failure to submit a satisfactory report on time may result in the payment of future instalments being delayed or cancelled.

The questions below are intended to give some guidance regarding the information that may be helpful when evaluating the success of a project. They will not apply in every situation, so it is not necessary to answer every question if they are not relevant. Please write as much as you want and expand the spaces to suit.

Circuit No. 23/

Circuit Name:

1. Please provide a summary of the work done to date and how it fits in with your plan.
2. What has proved most successful and in what way has this altered your approach?
3. What problems have you had and how have they been overcome?
4. Are you still convinced the action you are taking is the best possible option? How could you alter your plan to enable you to make a greater impact?
5. Please attempt to give a numerical indication of the impact your project has had so far. Is this in line with what you planned to achieve?
Are there any targets that you have not met and if so, how are you addressing this?
e.g. number of people visited, change in congregation size, increased participation in youth projects etc.
6. Please give a qualitative indication of the impact your project has had so far?
e.g. an increase in commitment shown by volunteers, improved feedback from those benefiting from your work, etc.
7. What single story would you tell people to convince them to support your project?

8. Has anything changed which means your exit strategy needs to be reviewed financially or practically?

9. Please provide a financial report showing the balance at the start of the reporting period, income, expenditure and balance at the end of the period. How closely does this match your original budget? If it is significantly different, why is this and what are you doing to address the issue?

Signed:
