Online Nativity!

We are working with the schools in our area again this year to produce an online nativity!

This will be available on our YouTube channel

www.youtube.com/channel/UCpvftnQzPub3KQ3gzJCUgEA

from Sunday 12th December.

Last year was a huge success and so we thought we would do it again.

This year there will be guest appearances by some very special people so don't forget to tune in!!

HOPE SPRINGS ETERNAL

(I am writing this letter on the 1st birthday of my grandson Joe.)

The image on the left above is of a Giant Sequoia tree named after the author Mark Twain. It is 18 feet in diameter and the photo was taken in 1891. Imagine sawing through that using the saw shown in the picture??

The image on the right is of another Giant Sequoia tree named after the Civil War General Sherman and is the largest single stem tree in the world. It's estimated to be over 2500 years old.

I've had the privilege of visiting Sequoia National Park in California and standing next to this giant redwood.

If you want to get a physical impression of the grandeur of God, there can be no better way.

FOCUS

I've also been fortunate enough to visit the Grand Canyon and the Rocky Mountains, Niagara Falls and other such examples of nature at its most spectacular.

Of course, if you really want to immerse yourself in the grandeur of God you simply need to look up into the sky.

Our solar system is part of the spiral galaxy we call the Milky Way which actually contains between 100 and 400 billion stars and a similar number of planets.

In what we call the 'observable universe' there are between 2 billion and 2 trillion galaxies.

The nearest galaxy to our earth is the Andromeda Galaxy which is 2.5 million light years away.

Now that's what I call the GRANDEUR OF GOD.

Does that put our 'earthly problems' into context?
Into perspective?

Over the past three years we've been preoccupied with Brexit, Covid and Global Warming.

Brexit has almost been put to bed.

Covid is still around and still serious but the inventiveness and ingenuity and collaboration of God's greatest creation, humankind, are putting up quite a fight.

Clever people predict we shall eventually live with it in the same way that we co-exist with flu.

The recent COP26 conference in Glasgow has been at once disappointing and hopeful.

Disappointing in that we haven't got the firm commitments we need for reducing greenhouse gas emissions to the level needed to contain global warming to 1.5 degrees C.

But hopeful in the massive pressure and lobby we've seen from around the world from those most likely to be affected by a temperature rise.

From young people, indigenous people, and the increasing number of pressure groups raising their voices and so influencing the decision makers.

I believe and trust in God and His desire to preserve and protect His creation.

I also believe that we have a vital role to play in partnership with God.

I've heard it said that "if God can't come, he'll send someone"

I think **we** are the **someone**.

I believe that 2022 needs to be a year where we join hands with God in becoming more sustainable in the way we live individually and collectively.

I intend to make my 2022 New Year's Resolution a practical commitment to add my voice to the growing band of those groups of activists who say '**up with this we will not put**'

Because in all beginnings there is an elementary truth:

FOCUS

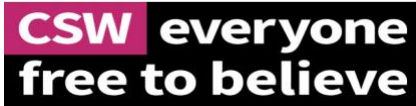

The moment one definitely commits oneself to anything, then God moves too. A whole stream of events which no one would have dreamt of will happen.

“Hope is the thing with feathers that perches in the soul and sings the tune without the words and never stops at all.”

Please use the following prayers throughout the Christmas Season: Christmas is a time of immeasurable joy for the Church. Yet it's also a time of great danger for many of her members. As we prepare to receive Jesus Christ into our hearts and homes once more, let's remember all those around the world who are prevented from doing so in freedom and safety. Please pray the following prayer, asking the Incarnate Word to protect and bless all those facing injustice for believing in him.

How beautiful on the mountains are the feet of one who brings good news.

Lord Jesus Christ, may those who suffer discrimination, harassment and all forms of injustice because they belong to you be reminded of the good news you bring to earth. This Christmas, and always.

He is the radiant light of God's glory and the perfect copy of his nature, sustaining the universe by his powerful command.

Jesus, light of the world, shine your transforming light into the darkest corners of this world; may the places where there is no freedom, justice, or peace radiate your glory and power. Now and for evermore.

You have made their gladness greater, you have made their joy increase.

Son of God, the joy which your incarnation brought to the world cannot be contained in words. May the church throughout the world to be filled with an inexpressible joy, today and every day.

FOCUS

For there is a child born for us, a son given to us.

Emmanuel - God with us. Be near to all those around the world suffering for their faith. May they find immense consolation knowing that they need to never suffer alone, for you are by their side, until the end of time.

Today in the town of Dave is a saviour has been born to you; he is Christ the Lord.

The miracle of Christmas brought salvation to the world. May All Christians in every corner of the world be reminded of the hope and assurance they have in you, knowing that you are their Saviour, today and for all eternity.

Glory to God in the highest heaven, and peace to men who enjoy his favour.

School Governors

At South Crosland CoFE (A) Junior School we are still in need of more foundation governors. These are governors who are regular worshippers and would serve on the governing body supporting the school and upholding the school's Christian ethos and values. This is a voluntary position but it is very rewarding. If anyone from any of our churches is interested or would like to find out more about what is involved please contact me through school and I will happily have a chat with you. (01484 667075)

Pop up Shop

The LEP (churches together) charity shop at Newsome crossroads is a small but busy place. Since lockdown, we have had more donations than we can sell and the sorting office was full to bursting! So, we decided to try a pop up shop in the scout hut on Saturday 6th November to sell off surplus stock and make some more money for shop funds. Most items sold for bargain prices, 50p or £1, and so we weren't sure if it would be worth the effort involved.

But what a success it was! Lots of folk worked very hard to prepare for the day, sorting and ironing stock and sourcing rails. The scouts set up tables, moved rails and provided tea, coffee, biscuits and

FOCUS

cakes. More folk came and staffed the stalls on the day and helped tidy up at the end. And, best of all, lots of folk came and grabbed themselves some bargains, as well as sharing a cuppa and fellowship with others. The pop up shop was a monetary success, £404.50 for the shop and over £100 for the scouts, but it was also a great community event and enjoyed by many people from Newsome and the surrounding areas.

Thank you to everyone who contributed in any way and supported this event. We hope to hold more pop up shops in the future, perhaps one or two per year, and it would be wonderful if they were also so well supported. Once we have a date it will be advertised in Focus and elsewhere; get it in the diary and grab some bargains!

Caroline

Post Script

As Chair of the Together Shop Group meeting I would like to thank everyone who helped to make the pop up shop such a success by raising £404.50 for the Churches and our Community Worker. There are too many people to thank individually but I know there were those who worked behind the scenes collecting and sorting clothes. Those who worked on the day putting up stalls and arranging clothes etc. plus those who stayed behind to clear things away. I would also like to thank the Scouts for putting on refreshments of tea and cake throughout the day raising over £100 for their group.

Thank you everyone.

Wishing every blessing

David Kent

Armitage Bridge Ringers

Recently Oliver and Sally Austin espied this in the Halifax Courier of 1938.

A Critic of Campanology

*How sweet the peace, the Sabbath calm,
How sweet it used to be:
How cherished was the silent spell
The seventh day brought to me*

*But now when Sunday comes around
And Strident noises cease,
the tintintabulation starts
And wrecks the holy peace.*

*The ringers with unbridled zest,
Old hackneyed airs set free
Upon a quiet countryside,
With diabolic glee.*

*Vile tunes- each single note is sought
With wild uncertainty:
The painful pause, the note in doubt,
The ringer wrings the wrong one out,
And murder boils in me.*

*Thrice cursed crescendo-craving age,
Where clangour governs grace
Oh! Silence, dear departed shade,
Where is thy resting place?*

Ned Nevo 1938

A reply by Pam Murgatroyd.

A Fan of Campanology

*How sweet the sound our bells ring out
After months of quiet
With no invite to a service
In the Covid Climate.*

*But now when Sunday comes around
Our services have started,
Bell ringing has begun again
With a sound that's wholehearted.*

*The ringers, who were quieted
Have found a new found sound,
Now recovering from lockdown
Can be heard for miles around*

*They're ringing out their quarter peals,
Their skill will need no mike,
It's impregnated on their brains,
Like riding on a bike.*

*How sweet the noise, how welcoming
No more they'll silent be.
How wonderful the sound of bells
Does the seventh day bring to me.*

The Intergenerational Gospel Choir

The choir has been meeting and singing for about 7 years, so I thought it was time to give you an update. Since we have been able to re-group after the lockdown we have really spread our wings.

As part of the Huddersfield Literature Festival workshops for creative writing were introduced, where participants wrote verse about being separated yet still interconnected during the COVID epidemic. Rachael, a local musician, set the words to music, and our choir was given the opportunity to perform them at the Lawrence Batley theatre. The creators of the original words were delighted to hear their lyrics sung with a Gospel vibe.

As a result of this we were asked to provide the backing sounds on four demonstration discs. (We were the ooh and aah boys and girls) using the recording studio at the university- headphones, cameras, amplifiers, the lot.

An interesting day, but quite tiring. After many retakes, and a break for pizzas, eventually they were happy, and the recordings were whisked away to the mixing decks to refine the sound.

Whilst there, we also recorded two of our favourite songs. We haven't heard the results yet- so watch this space. Who knows what it may lead to!!

We have been invited to various venues over the last few years, including luncheon clubs, residential homes, HMP New Hall, Arts and Crafts exhibitions, Christmas Tree Festival, Café Church etc.

We always enjoy ourselves, and hopefully the listeners do too. Barbara and Maxine are so enthusiastic and talented you can't help but be swept along. (We even clap and move to the gospel rhythms) wow!

But don't take your eyes or ears off Barbara as she has a range of hand signals which determines the length of each song, how many repeats, Amens etc.

FOCUS

Great fun, no musical ability required, so come along and join us on the first and third Sunday of each month, 5.30 – 7.00pm at Berry Brow Methodist Church and Community Centre.

Meanwhile, ‘we will let our little light shine.”
