

**OTHER SUPPORT WE ARE INVOLVED WITH...**

For several years Cheap Street Church have supported work with displaced and vulnerable people from around the world and helped to settle over 20 people in the local community through the government's Resettlement Scheme.

In the Pod we hope to continue this support by offering information on Local and National charities such as:

**SHARES**

Choose Love

Safe Passage

We aim to suggest ways to take action and become involved in their work.

From time to time we will serve as a collection point for a specific drive.

# The Pod

## Church & Community

### Together

As a church we are aiming to be there for the community in a more supportive way. Being based in the heart of the town in the middle of Cheap Street, The Pod is in a very accessible position, with a shop window that can be used to build awareness of all sorts of community groups and support, as well as encouraging more consideration of the Christian message.

We want to work with other churches in the town, other groups, and members of the community to link people together, using the shop premises at 54, Cheap Street as a contact point, information hub and drop off/pick up point for various appeals. We aim to promote ways in which we can all contribute to the well-being of the whole community.

### Inside the Pod you will find....

A friendly welcome!

Information about Community Support projects

Information about what Churches are offering in the town

Links to local financial and practical assistance

Encouragement of ways in which the community can help others

Second-hand Christian books to borrow

Sticky Church Craft bags for children

A listening ear to views and ideas from the community!

### **ACTS 435 Financial Support**

Acts 435 aim to bring specific practical financial help, in small but significant ways, to people known to be in need. This is achieved through crowdfunding which results in 100% of the donation going directly to the chosen recipient.

Cheap Street Church have now linked with Acts 435, so when an appropriate need is identified, the applicant will normally meet with the Advocate to complete a simple Application Form providing key information.

The Advocate will then post their request onto the Acts 435 website, and when the funds are received they will be transferred to the applicant, ensuring that the funds are used correctly.
