

**Delivery service from the Village Shop** Tess Flower would like to offer a delivery service to anyone in the local area who is in self isolation, is vulnerable or in need of supplies.

The shop currently has most of the basics (except paracetamol!) and should be able to get deliveries out most afternoons if needed.

If interested, please phone the shop on: 844352

or email Tess at: [tessflower@gmail.com](mailto:tessflower@gmail.com)

Please pass this information to your neighbours since they may not be on the Dicker Links circulation or use Email.

**Helping each other** A simple scheme to put neighbours in touch to give help is currently being finalised by the Dicker Residents Association - I will send information soon.
