

This column contains records compiled from the funeral card index transcribed from the Funeral registers of New St. GEORGE, Stalybridge by [The Revd. Philip and Mrs Irene Brierley](#). In some cases the grave record has been updated from the Memorial inscription when the Funeral register records do not include a grave location

The records in this file cover the whole of the south part of the graveyard, range 14 to 37, graves 1 to 42, appearing in blue on the grave plan.

(NOTE Burial records have now been entered up to AUGUST 2014)

St Georges are offering a service of cleaning a Grave headstone & keeping the grave tidy during the year for a donation to the grave yard fund of £30 per year. More details from the web site – Phone 0161 338 2368

This column contains transcriptions of the actual gravestones as they exist in August 2014.

[Compiled by Revd. Doreen Broadbent, Mrs Janet Vidler and Mr Alan Smith](#)

There are several of the older flat grave stones that have become buried under several inches of soil over the last 100 years. These have been uncovered and recorded then reburied to preserve the stone from erosion and for safety of pedestrians.

NOTE – Grave monuments must comply with Church of England regulations as detailed in the booklet “CHURCHYARD MONUMENTS”, available via the DAC page of the Manchester Diocese Web page at www.manchester.anglican.org All additions or amendments to graves, headstones or monuments must have written approval from the Incumbent and not from Tameside cemeteries.
