

This document is referred to as 'NM4' in the web search index [see note below]. An example of a record in this document such as NM4-RB23G1 refers to the record below of the inscription on the memorial stone at grave location RB23G1.

The records in this document cover the north east part of the graveyard, range 22 to 37, graves 1 to 32, appearing in yellow on the cemetery plan.

Names in this document are of people mentioned on memorials, not necessarily buried. Some people may be relatives of those buried. Some people are on more than one memorial.

The surname index for this document on the next page can assist in identifying a grave location for a particular surname.

Note that where a surname is not given on a memorial for someone with no burial record (i.e. a relative), we might assume a name that is a maiden name.

[Please note records in this document are not currently included in the web search index, compiling and verifying these records is in progress]

This column contains transcriptions of the gravestones as they exist in December 2023.

Originally compiled by Revd. Doreen Broadbent, Mrs Janet Vidler and Mr Alan Smith. Updated Dec 2023 by Mr Ian Cooke.

There are several of the older flat grave stones that have become buried under several inches of soil over the last 100 years. These have been uncovered and recorded then reburied to preserve the stone from erosion and for safety of pedestrians.

NOTE – Memorials in churchyards must comply with the Diocese of Manchester Churchyard Regulations 2016, revised 2019, or any subsequent replacement of those regulations available via the Manchester Diocese Web pages at www.manchester.anglican.org All additions or amendments to graves, headstones or monuments must have written approval from the Incumbent and not from Tameside cemeteries.
