

# Parish of Whitehaven St James' Church Building Appeal

## **East End Repair Project**

**The exterior wall at the east end of St James' Church is in urgent need to repair.**

**The existing paintwork is peeling and exposing the original 18th century stucco and sandstone.**

**The repair work will replace the paint with a traditional limewash in keeping with the Grade 1 status of the building.**

**The work will cost over £80,000.**

**The Parochial Church Council needs to raise funds for this and other restoration work.**

**Our Fund Raising  
Target is £35,000**

**Please help us preserve  
this magnificent building  
for future generations**
