

I am pleased to tell you about a decision made at the recent church council meeting. It was agreed that our more positive financial position gives us an opportunity to use some of the money in our deposit account for the good of the church and the community. We agreed to consider taking forward activities and projects under the following 4 headings -

Accessibility - to help people with different mental or physical needs to use our services more easily or comfortably

Future proofing - to enable us to make good use of more modern technologies where that would be helpful

Environmental - to make changes that would help our church to run more sustainably

Community - to provide help and support that would benefit the community we serve.

Please let me know if you have any suggestions. You can email me on treasureratkmc@gmail.com In addition, I will be providing a suggestions box in church.

Please provide your thoughts by 9th December. These will then be considered / costed and put to the church council for decisions.

I look forward to hearing from you!

Lucinda
Treasurer
