

# QUEENS ROAD BAPTIST CHURCH

where disciples of Jesus Christ grow together

**This is what the LORD says: 'Stand at the crossroads and look; ask for the ancient paths, ask where the good way is, and walk in it, and you will find rest for your souls. Jeremiah 6:16**

## Harvest

**26th Sept 2021**

Harvest. The image this word conjures up in our mind probably depends on how close we have lived to farming communities and how old we are. For those with more rural links, harvest will bring up images of tractors, combine harvesters, uprooting vegetables, picking fruit, haystacks and associated barn dances. Older church people will remember times when the chapel was completely transformed and the front could not be seen for all the produce brought in and displayed and then given out to those in need – followed of course by the harvest lunch or preceded by the harvest supper. My mind's eye still sees the unique Harvest loaf there in the centre of the display.

At the heart of all the celebrations was the thought of thanksgiving that the God had been faithful again and all the hard work of the year in ploughing, planting, watering, weeding and everything else had been rewarded with a good crop. The Biblical concept is that the 'first fruits' belonged to God.

Nowadays our lives are not controlled by the agricultural calendar and the seasons as we can get most vegetables or fruit at any time of the year thanks to the shrinking of the world by technology and mod-

ern transport and refrigeration.

As we give thanks for all God's goodness to us in UK, we want to join with others who are not so well off. We want to thank this same God for His goodness to them during this past year as well. In a number of developing countries farmers are enjoying much better harvests than usual because of the improved techniques they have been introduced to by Christian workers and missionaries. Today we are celebrating what God has been doing through Operation Agri over the last 60 years in this very area.

One of the Christian workers supported by Operation Agri (OA) has been our friend, Paul Kyalimpa from Uganda. We want to thank God for all those farmers Paul has trained and whose lives have been transformed by what he has taught them. The Harvest has been good. God has seen fit to take Paul to himself, but the work started by Paul continues, largely led by two of his graduate children. As we hear of this work today our offering and gifts will be sent on to Operation Agri to help more people improve their harvests through their ministry.
