

Guidelines for contributions to the “A Life of Faith” page

The contents of the page can be the sort of things that we have had in “Word for the Day” and what we have had in “Our Stories” but many other positive things can be added about, for example, activities of individuals and groups, information about organisations we support or otherwise work with, thoughts on the developing situations we shall face in the future and anything else appropriate. Photographs are very welcome with or without accompanying words.

We really want to make this work as the life of the church moves on so please don't be shy with your contributions.

We would like to suggest 600 to 700 words as a general maximum – less is fine. If you would like to write more please consult us first. Spoken contributions such as we had in “Word for the Day” are also fine, no longer than 4 minutes generally. If the content is time sensitive please try not to leave it till the last moment to get it to us.

Please remember this is going on the internet. If you include something that mentions or pictures somebody else, please get their permission. The contributions will be attributed as you prefer so, for example your name could be shown in these forms - John Smith, John S, JS or anon. Please make clear what you would like.
