Dear Donald,

Re: St Peter & St Paul, Abington – Visual Display System

Further to my visit to the church earlier today, please see the quotation below for the installation monitor for the choir.

I recommend that two 27" monitors are installed. The south side monitor would be adjacent to the arch, while on the north side (because wall space is restricted) the monitor would be mounted under the organ in the centre frame.

It will be necessary to cable these back to the projector using CAT6 cable. The route for this is shown below.

An electrical supply will be required for each monitor, which I am sure can be taken from the feed to the smartmove screen above.

Qty	Item	Unit	Goods	VAT
2	27" LED monitor	166.56	333.12	66.62
1	Tilt/swivel bracket	54.00	54.00	10.80
1	Display ceiling mount with adjustable drop	69.00	69.00	13.80
2	HDMI over CAT6 kit 60M	94.00	188.00	37.60
1	HDMI splitter 1:4	89.00	89.00	17.80
60	Metres CAT6 cable	0.57	34.20	6.84
20	Metres cable trunking 25x16mm white	2.20	44.00	8.80
1	Installation charge	525.00	525.00	105.00
		Goods/services	1336.32	
		VAT	267.26	267.26
		Total £	1603.58	

Installation

Our team of skilled technicians will install, set up and demonstrate the whole system; Hilltop Audio Visual Ltd do not use sub-contractors.

The work will be carried out with respect for the building and users.

Every effort will be made to produce a discreet installation with minimal impact on the fabric of the building.

Training will be provided on completion of the installation.

Conditions

The quotation is fixed and valid for 6 months subject to continued availability of the exact equipment specified. It may be necessary to supply alternative equipment to the same specification but which is current at the time of ordering. This could result in some adjustment to the quotation.

Installations are carried out in strict rotation from date of order.

Duration of installation is not more than 3 days.

All equipment has a manufacturers warranty of 12 months.

Installation carries an extended warranty is for 3 years.

A 30 day invoice is issued after installation.

Payment beyond 30 days will invalidate the extended 3 year installation warranty.

Safety – The church should be unoccupied and closed to the public on the days booked for installation. If this is not possible, we request that a representative of the church to advise visitors and assist with signage and safe areas would be in attendance at all times.

Please contact me either at the office on 0115 9395 995 or my mobile 07976 946728 if you have any questions or require any further information.

Yours sincerely

A handwritten signature in black ink, appearing to be 'Anthony Wright', with a stylized, cursive script.

Anthony Wright

Locations of 27" monitors

Dimensions 614 x 354 x 38 mm

Showing north side monitor mounted in frame under the organ

CAT6 cable from projector.
