Introduction to the Hosts: Miriam and Antonia have both served in mission overseas and Antonia with her husband and family currently works fulltime reaching out to the Muslim community and refugee community in Gloucester. We are both volunteers for OMF International UK and are actively involved in presenting and mentoring for global mission. We were both inspired and refreshed by an online MomentumYes course we shared online with people from all over the UK in November and December 2020. Since then we have had a strong desire to run the course ourselves. It is an excellent general overview of mission worldwide and how we can be involved wherever we are and at whatever stage of life we are.

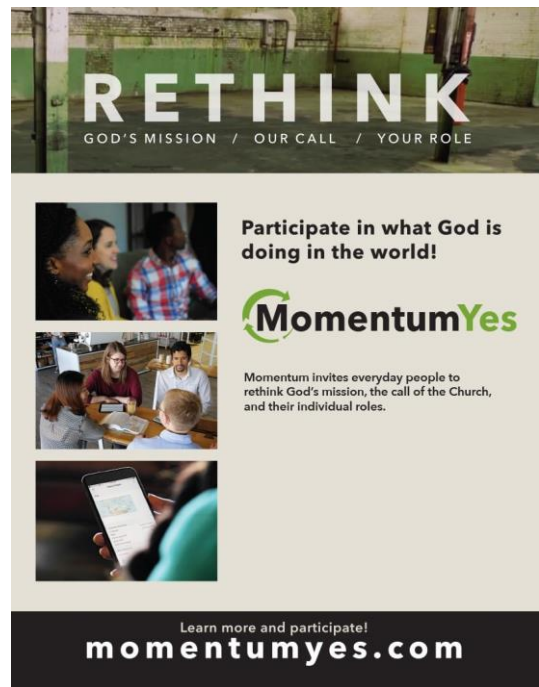

Content: At the end of this document, you will find a brief content outline from the website. You will see there are 6 sessions in all. We have only scheduled five but are hoping to have an in-person session 6 gathering in September.

Attendance: It may be difficult for you to attend all sessions. Please feel free to attend just one or more although be aware that there is a clear progression through the sessions in terms of content.

Preparation for participants: All you need in preparation is a copy of the e-book *Rethink*. Download from the website <https://www.momentumyes.com/ebook/> It can be used in various formats (PDF, kindle, EPUB) or you can use it online. It has 102 pages and you will need this for the small group discussions.
