

**"Alpha is an 11-week course that creates a space online for a conversation about faith, life and God."**

It is all online at the moment so it has never been easier to attend. Why not dedicate some time this spring to explore some big questions with other people just like you. The kind of questions we often put off!

**The course runs on Monday nights starting 22nd March at 7.45pm on Zoom and people of all faiths and no faith are all welcome.**

The course is totally free and you can attend the first night and decide whether you want to continue.

We are partnering with our friends at the North Berwick Christian Fellowship to run this course.

## **Register**
