

Sacred

Spaces

at Advent 

New and Free Advent Resource for 2020!

We are excited to bring you a brand-new resource for Advent 2020, Sacred Spaces at Advent. This year, we have partnered with the fantastic organisation Prayer Spaces in Schools to bring you a free, creative resource for KS2 and KS3 pupils to use in the classroom, for collective worship or at home.

[View and Download the Resources >>>](#)

Sacred Spaces at Advent includes four weeks of content to inspire children and young people to explore moments of stillness found in the Christmas story. Each of these moments, or as we call them 'sacred spaces', came out of simple everyday activities. Each week, we have a video from the Archbishop of York, Stephen Cottrell, sharing a reflection on the theme

The resource can be used for collective worship in school or church settings, as well as individually or as a family at home. Activities and challenges are suitable for KS2 and KS3, but can be adjusted for use with KS1 and KS4 pupils.

Downloadable resources include a PowerPoint, video files and printable sheets.
