

## CPD & Networking Programme

Being deeply Christian and for the common good,  
our schools will be communities which are:

**LOVING**  
in relationships

**AMBITIOUS**  
in aspirations

**BOLD**  
in actions

I have come that they may have life, and have it to the full.

John 10:10

Chester Diocesan Board of Education has determined an inspiring vision for our schools that reflects the Church of England's Vision for Education in being deeply Christian, serving the common good. The vision has at its heart an education that encourages human flourishing and an experience for both children and adults of life in all its fullness [John 10:10]. This is best achieved where our schools are communities that are **loving in relationships, ambitious in aspirations** and **bold in actions**. The DBE is committed to promoting excellence in education and believe our schools to be a key element of ministry and mission across the Diocese.

Our Family of Schools membership seeks to embody this and build on the services and support that we offer to our schools. The central focus of the Diocesan Board of Education's (DBE) mission is to work alongside our church schools and support you in delivering high quality education founded on the Christian faith and values. Our DBE team continues to seek to provide a range of advice, support and training. This includes the areas of Christian distinctiveness, SIAMS, collective worship, Religious Education, headteacher recruitment, academy conversion, governance, admissions, school leadership, school improvement and school effectiveness.

A core element of our support is provided through our Continuous Professional Development programme that covers many of these areas. The team have worked hard to devise a comprehensive schedule for the new academic year that supports leadership at all levels within the context of church schools. Building on the learning and alternative delivery methods established through the last eighteen months, we will be offering our training on a range of platforms that include on-line and face to face sessions. We will also be offering multi-session programmes, as well as stand-alone courses.

This information provides an overview of each of our courses and programmes for 2021-22, with more detailed information and the chance to reserve a place on our booking site, accessed through clicking the hyperlinks on the role subtitles.

Thank you for your continued support of the Family of Schools membership and for all that you do in promoting and delivering a high-quality church school education for your pupils. We are proud of the strong relationship we have with you and your school. We look forward to building on this, working alongside and supporting you, your staff and governing board in the academic year ahead.
