

## **What a church in Maidstone did last year**

At our APCM, following elections and reports, we have introduced an element of group discussion.

At one we asked two questions:

What positives do you draw from the Church's past year?

What are your concerns for the coming year?

(Discussed in groups)

In another we unpacked the three areas of welcoming, worshipping and working together – how they have been working, how we might want them to work, and what changes we would need to make to get from one to the other.

(Discussed in groups)

Feedback from conversation given to first PCC following APCM, and a shared lunch together at the end.
