

A programme for

# Spiritual Accompaniment

Canterbury & Rochester Dioceses

2020-2022

## Background

**There is a discerned need in both Canterbury and Rochester Dioceses to support ordained and lay people in**

- a deeper awareness of the presence of the Triune God in their lives
- a growing discernment of God's will
- a clear link with the greater *Missio Dei* as a Christian community in the world
- a stronger web of relationships with the whole created order

## Aim

Responding to these needs, the Aim of this programme is to develop reflective practitioners in the spiritual accompaniment of others, aware that we are members of a community of practice to whom we are accountable in exercising our ministry and lives.

## Exploring a Calling to Spiritual Accompaniment

What are the dioceses looking for in people who are considering whether God might be calling them to this ministry?

The two main areas are:

### **Spirituality**

You should show commitment to a spiritual discipline, involving individual and corporate prayer and worship, including a developing pattern of disciplined daily prayer, Bible study and regular receiving of Holy Communion. Your spiritual practice should be such as to sustain and energize you in training and ministry. You should demonstrate a connection between your prayer life and daily living and show an understanding of God's activity in your life.

### **Personality and Character**

You should show an appropriate degree of self-awareness and self-acceptance, and sufficient maturity to sustain the inherent demands of this ministry. You should be able to face change and pressure in a flexible and balanced way. You should be a person of integrity and be seen as such by others. You should demonstrate a desire and capacity for further self-development and growth.

## Year 1 Assessment

- **Personal:** Each student keeps a personal learning Journal throughout the programme, and compiles a Portfolio of materials used. The Portfolio (together with any relevant extracts from the student's learning Journal) is presented at the end-of-year interview with a member of the programme.

## Progression to Year 2

Year 1 serves both as an introduction to Christian Spirituality and as a time of exploration of one's calling to a role in Spiritual Accompaniment for the benefit of others.

At the end of year 1, each student meets with a member of the programme Faculty to explore their experiences and development over the past year, and also to discern whether continued training as a practitioner in spiritual accompaniment is the appropriate path to follow.

The final decision whether a student progresses to Year 2 is taken by the Faculty.

## YEAR 2 PROGRAMME 2021-2022

#### Year 2 involves

- the student **receiving personal spiritual accompaniment** during Year 2
