

These short acts of worship have been prepared for you to use whilst we are unable to use Methodist Church premises. Spend a few moments with God, knowing that other people are sharing this act of worship with you

## Sunday 10<sup>th</sup> January 2021

### Opening Prayer

We gather before you creator God,  
to bring you our praise and worship,  
and to experience your love for us.  
Be with us, unite us with our family of faith  
refresh us body, mind and soul  
and open our hearts to your word. Amen

### Hymn: Speak O Lord (StF 161)

Sing/Read/pray/proclaim the words or listen to it here <https://youtu.be/ubRIJj8xkds>

### Let us pray together:

Almighty God,  
we search for words to truly tell your glory,  
but there are none.  
We look for ways to describe your creation,  
but can't express its beauty and complexity.  
We long to show you how much we love you,  
but struggle to achieve our goal.  
You, O God are our greatest love, your service  
our deepest desire, your love for us our most  
precious gift and more than anything we want  
you to know that we adore you. Amen

### Today's Readings: Mark 1: 4-11

### Time to Reflect

I'd like to invite you to take a few moments to think about water.  
The gentle way it washes dirt from our skin.  
The powerful force that carves channels through rock.  
The refreshing, heaven sent gift that brings life to our world.  
A few years ago I visited Bushmead in Zimbabwe and the school my church has helped to fund there.  
It was, as you might imagine a life changing experience, I was welcomed into the community and family home as both dear sister and honoured guest. Unlike many homes in Zimbabwe there was running water which meant that while my hosts took turns in the same bath water, I was given the luxury of my own bathroom.

I'd been fundraising for the school for years, so I knew what life in Zimbabwe was like or I thought I did. But the shock of turning on the tap to find no water (common place for them) was very real.

I have never been without easy access to clean water, even during essential plumbing works provision has always been made and I have known when water will be restored.

Of course, my hosts were prepared, in my excitement and wonder at all around me and the love I'd been shown I'd failed to notice the most basic, there in the corner was a pack of bottled water, ready for us.

Water is life, life without water cannot exist. So what better symbol for baptism could there be, water's ability to cleanse, its power to transform and reshape and our total inability to live without it tells us much about the Spirit of God.

Through Baptism in Christ we have been washed clean and offered a source of ongoing renewal. Through Baptism in Christ we have received the Holy Spirit, God's presence in our lives, helping us to change and reshape ourselves into the people we are called to be. Through Baptism in Christ we have been given life, true life, eternal life.

God is with us, flowing through us and out from us into our world. The source of life for all, a force which can never be completely cut off, a blessing that will never leave us.

There may be times when we don't notice God's presence, when we feel he is distant or has abandoned us and the tap gives nothing.

Don't be fooled, God is always with us, waiting for us to discover him, turn to him, rely on him, waiting to wash through us and make us truly alive.

### Take a time to sit quietly

**A time of prayer: Please pause to consider each situation**

Father God, we come to you with open hearts and minds to pray for our world,

For all who are working to help others.

For all who are unwell in body, mind or soul.

For all who fear violence, in the streets or their own homes.

For all who struggle to fill their daily needs and fear for their future.

For all who feel alone or isolated.

For Church, family, friends and neighbours.

For ourselves, right here and now, all we are and think and feel.

Father we place our world into your hands, in all things and all places may your will be done

Amen.

**The Lord's Prayer**

*Our Father .....*

**Hymn: sing a verse of a hymn that comes to mind**

**A prayer of blessing**

Loving God, be with us this day and always, flow in us and through us, cleanse, renew and reshape us. Reminding us always that no matter what, you remain with us. Amen.
