**We are all the same**

 **Link exploration:**

In the film 'Luca', Luca's and Giulia's friendship shows that people from different backgrounds can be friends. Everyone is equal and there is no need to be scared of them or treat them differently. Unfortunately, Giulia was taught that she should be scared of people like Luca because they are fish from the sea and Luca was taught, he should be scared of Giulia as she is a human on the land, who eat fish. However together they realise that friendship is worth more than anything and that you can be friends with someone completely different to you.

Jesus shows us lots of examples in the Bible of how we should treat other people; He shows us that any kind of prejudice, racism, discrimination or simply treating people in a different way is not acceptable. Everyone is important to God and is included in his plans so we should always try to treat all people in the same way no matter how different they are to us.

**Prayer**

Dear God, thank You that we are all different, thank You that you made us unique. Help us to see past physical appearance and not to judge someone on how they look, speak or behave. Amen
