## Why

The Church of England offers a Christian presence in every community, seeking to be at the heart of all our cities, towns and villages; by serving our communities; by sharing our faith and values; by worshipping together and by our wonderful buildings. This valuable contribution to our community has a cost, which is largely met by personal donations. For the Church to survive and grow, we rely on regular donations so that we can plan confidently for the future.

'Money' dominates too many agendas in our Church. We need to tackle this problem head-on, so that we can move forward with confidence. Successfully addressing the Church's need to receive realistic, long term giving from committed Christians is a fundamental part of developing a thriving, outward looking church.

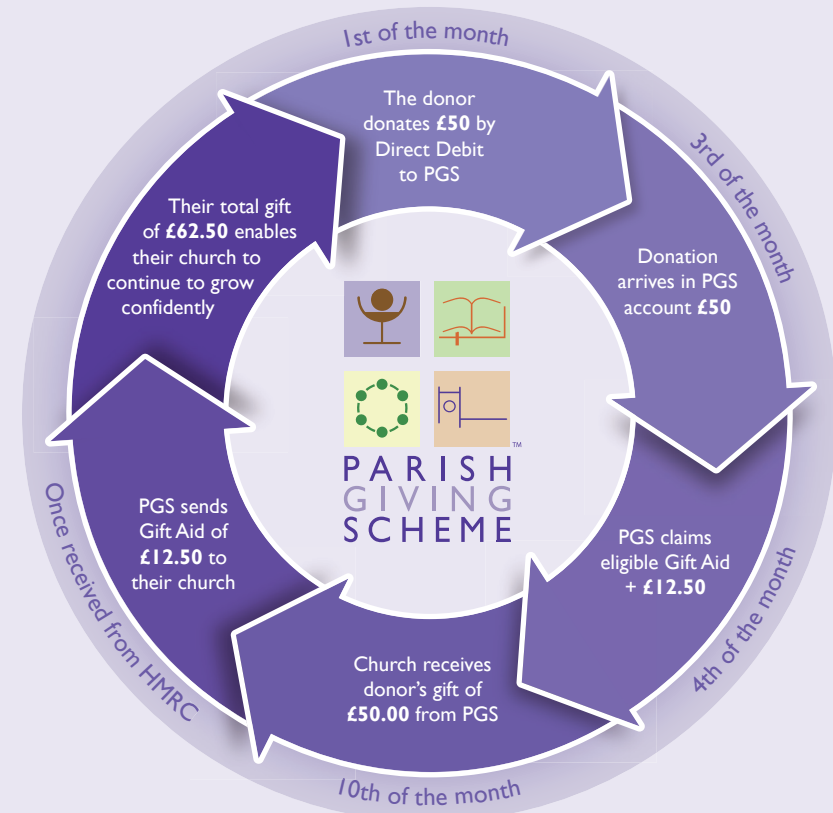

## What

The Parish Giving Scheme (PGS) is a 21st century solution to offset one of the greatest threats to parish income which is static giving. Donations made through this scheme use a Direct Debit. This can be made on a monthly, quarterly or annual basis. Each donation is restricted to a parish church.

If this scheme becomes the principal funding method for your Church, you will have **'inflation-proofed' your giving, maximized your cash-flow** and **minimised your administration**. This will free up your parish to focus on other important priorities.

The introduction of the PGS also provides you with an excellent opportunity to talk about money with the potential to bring about a change in cultural attitudes to giving. *To take full advantage of this opportunity it is therefore strongly recommended to introduce the PGS alongside an appropriate giving programme.*

## How does it work - based on an example of £50 a month

### In summary the scheme:

- Collects your regular donations for your parish
- Claims the Gift Aid entitlement on your behalf
- Pays the gifts into your PCC account by the 10th of the month
- Pays the Gift Aid into your PCC account once its received from HMRC
- Undertakes a basic level of donor care
- Provides the (popular) option for donors to increase donations annually with inflation.
