# Harry Potter Sorting Hat Fortune Teller

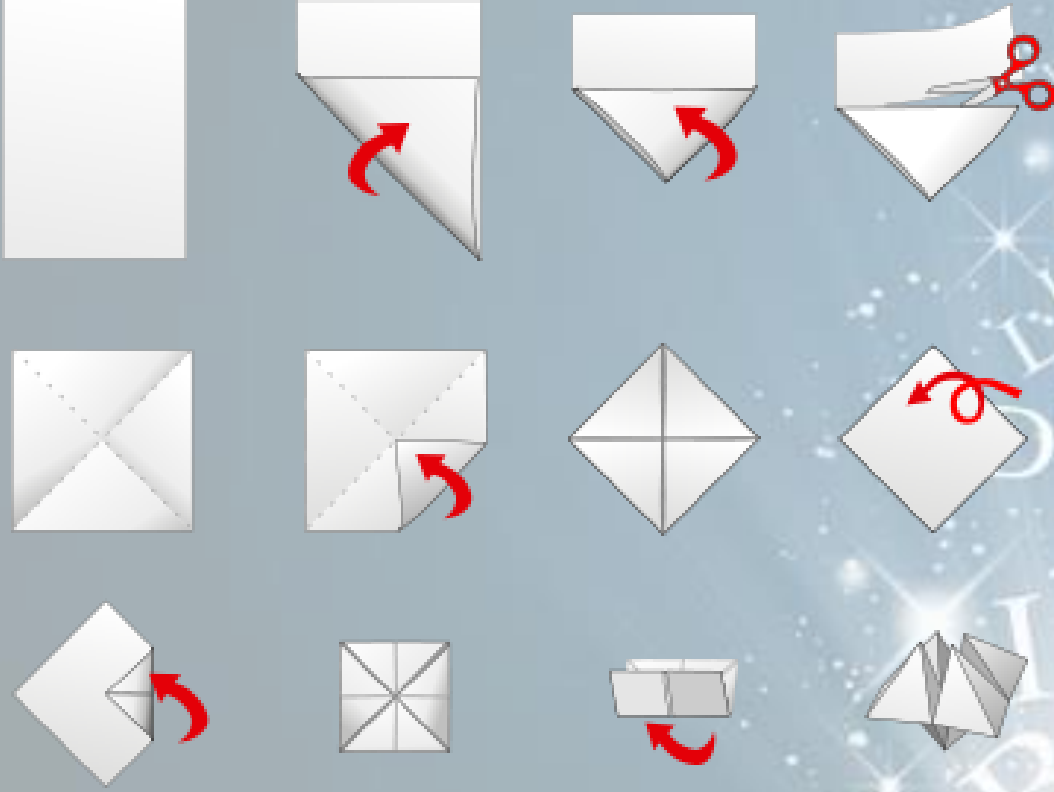

Before you can begin a Harry Potter themed project you need to find out which 'house' you belong in.

The best way to do this is to create a fortune teller by following these instructions – <https://www.wikihow.com/Fold-a-Fortune-Teller>

You will then need to add numbers/words or pictures to narrow down people's choices until they end up with a Hogwarts House (an example of what this might look like is on the next slide).

# Harry Potter Bookmarks

Create your own Harry Potter themed bookmark to help you keep your page in all your favourite stories!

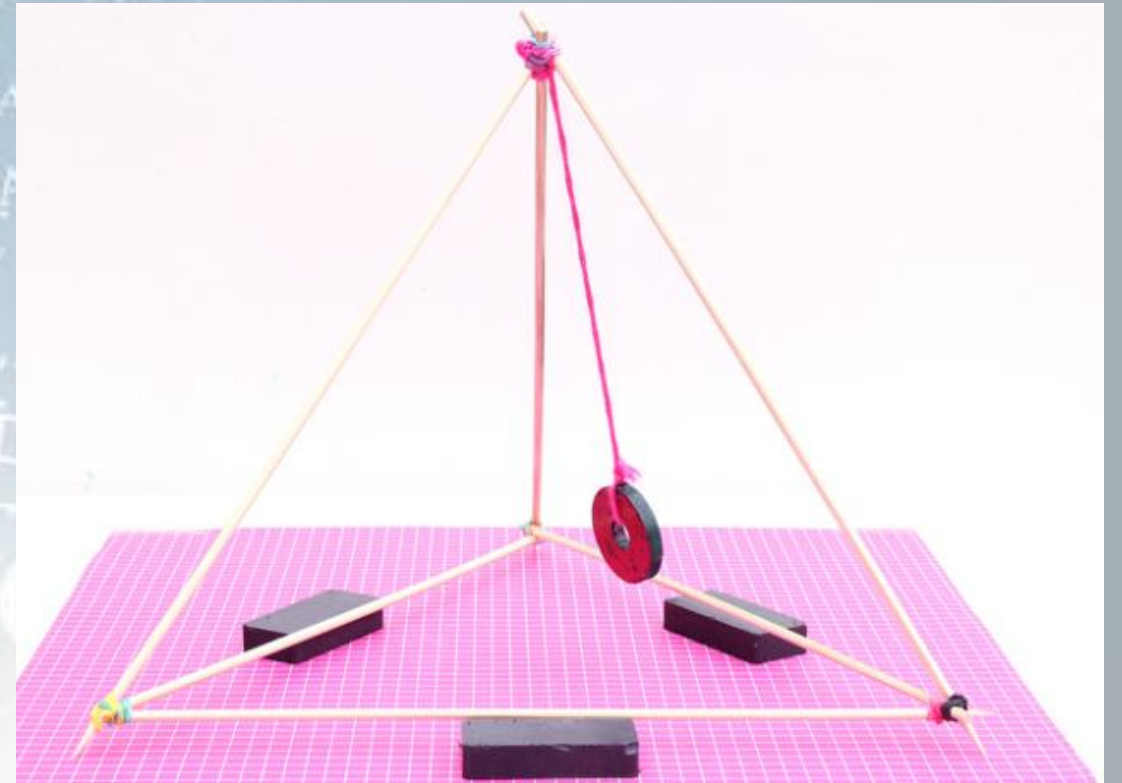

# Make Magic With Magnets

I love using magnets to try and come up with different tricks; they are my favourite science experiments and activities.

There are some amazing ideas on this website

# Word Game

How many different words can  
you make using the letters:

**Harry Potter**

There are more than 100 to find!

# Wand Making

Can you create your own wand using a stick or some craft materials from home.
