

## Faith Healing

1. If you could have an overnight stay anywhere in the world, where would you choose & why?
2. If you could liken your role in the community to a body part, which part of the body do you think you are, & why? What might Paul's use of local customs to illustrate deeper truths have to teach us about the ways we might communicate & explain our faith?
3. To what extent do you tend to mix with those who are different to you? Which 'different' people might God be calling you to spend more time engaging with?
4. What would you say are key principles behind the art of good conversation? Is there a difference between 'good' & 'godly' conversation?
5. What difference do you think faith makes in enabling God's healing to take effect?
6. To what extent has your faith in God grown during your life? What difference has this growth made to the way in which you relate to God? And to others?
