Good News from in Our Community

The Elliott's Run the London marathon Introduction to our Challenge. 10/10/10

2001 David was Diagnosed with MS, Ollie was 2 years old and Meg was 1 week old.

In 2011 David took part in his first London Marathon, since then he has run every London Marathon. He has also run the Edinburgh, Dublin, Paris, Manchester, Berlin, Snowdonia, Exeter and New York marathons.

To celebrate his 10th London in 10 years, David, Ollie (21) and Meg (18) are all running the London Marathon and have set a target of £10,000. This will be split equally between the MS Trust, MS Society and the MS Therapy Centre Bristol.

Ollie (21) is in her 3rd year studying Sport and exercise medical sciences at Exeter University, a keen runner who completed her 1st marathon in 2019 in a very respectable 3hrs 44 minutes. In 2020 she is training to beat her dad's PB of 3 hrs 33 minutes set in 2014.

Meg (18) is in her 1st year studying Law at Birmingham University, not such a keen runner, but accepted her Dad's challenge to run his 10th and final London Marathon on the 26th April 2020.

We will try and keep everybody updated on out training, fundraising, races and journey to the start at Greenwich at 10am on the 26th April 2020.

St. Martins Church – News and Updates

Looking forward to the arrival of Spring, with Mothering Sunday on 22 March, when we will be welcoming the Revd Richard Taylor (Previously Rural Dean). This will be a Joint Service at 10am when we will be distributing posies to Mothers and Ladies during the service.

Also we should have sufficient information to prepare the Profile for St Martin's following the Deanery Consultation Process.

With our Fabric Committee concentrating on the Quinquennial Inspection they are considering which jobs we can do our selves and we have put out enquiries for quotations for the major short / medium term work that is required.

Activities and Events to look forward to in 2020

To include: **Little Martins** will be restarting during some of the 9.30am services at St Martin's to provide structured activity for children during part of the service. Join us on Sunday 15th and 29th March and 5th April to talk about the Easter story and create an Easter picture for the church

A new **Cake and Coffee Morning** every Thursday at 11am, starting on Thursday 23 April. It is proposed to advertise widely out in the community to attract our friends and neighbours to enjoy some hospitality, which will be free of charge. It is naturally open to everyone. Your prayers are welcome for this new incentive, as we prepare to seek a new vision for the future of St Martin's, in preparation of the appointment of our new incumbent.

Saturday 2 May we will be holding a **Quiz Night with Fish and Chip Supper**, this is a family quiz and all ages are welcome.

We all enjoy a good afternoon tea, with this in mind on Saturday 6 June come along and enjoy **"Ritz" Style Tea Party**. There will be two sittings at 2.30pm and 3.30pm, look out for more details later on.

Many of us enjoy singing our favourite hymns, on Saturday 18 July at 5pm Richard Lennox will be in church so that we can all enjoy, and join in singing our favourite hymns. Nearer the time there will be a list in church for you to write your favourite hymns down. All choices need to be in Mission Praise or the New English Hymnal. Tea and cakes will be

served, with donations going to one of our charities.

Later on in the year on, 14 November, we will be holding our annual St Martin's Day Fayre and Coffee Morning. We have booked our Christmas Meal at Muffins for 11 December in the evening.

Autumn/Winter Film Nights will recommence on 6 September

The seven wonders of the World

A group of students were asked to list what they thought were the present Seven Wonders of the World. After much discussion and a good deal of disagreement they decided. Those which received the most votes were:

1. The Great Pyramids of Egypt
2. The Taj Mahal
3. The Grand Canyon
4. The Panama Canal
5. The Empire State Building
6. St Peter's Basilica in Rome
7. The Great Wall of China

When the teacher was collecting the papers she noticed that one student was still writing, she asked her if she was having trouble. "A little" she said. "There are so many that I just cold not make up my mind". "Well tell us what you've got and perhaps we can help you". The girl hesitated, but then she read "I think the Seven Wonders of the World might be:

1. To see
2. To hear
3. To touch
4. To taste
5. To feel
6. To laugh
7. To love

You could hear a pin drop. The things we overlook are so simple and ordinary. Yet the things we take for granted are truly wonderful. This is a gentle reminder that the most precious thing in life cannot be built by the hand of man or bought by any human being.

Helping our friends overseas

Throughout the parish there are activities taking place at each of the churches to support Christian ministries overseas. Some of them support established international agencies whilst others support smaller charities by making contributions direct to the sources of need.

Representatives of St. Paul's Church and
Director of Hands of Compassion

In the 1970s our diocese established a link with the five Anglican dioceses in Zambia and, through this link, exchange visits, parish links and personal contact took place to strengthen the chain of prayer and fellowship. Some of our parish mission work is directed towards Zambia and at St. Martin's it has been focused towards supporting the provision of worship facilities for communities and educational resources for youngsters in that country where 1 in 12 of the population are orphans living with grandparents or friends.

Initially, there was a correspondence chain established by the late Joan Bealey and this led on to financing the construction of a new church building at Ndeke, on the outskirts of Ndola. In appreciation, the congregation have named it "St. Martin's Church" as a reminder of their connection with us here in Worle.

Subsequently, the diocese put the mission team at St. Martin's in touch with a small Anglican charity known as Hands of Compassion that was endeavouring to raise monies to improve the very unreliable communications suffered by the Central Diocese in Ndola. The congregation was able to raise sufficient monies alongside the charity to enable them to install a broadband connection.

The relationship with Hands of Compassion has blossomed from there and in recent years St. Martin's has continued to work closely with them, providing some of the funds needed to increase the basic amenities at their then fledgling school in Chipulukusu where now over 400 pupils attend. The work of the charity does not end there as it takes a substantial interest in the welfare of the pupils and their families, providing for example meals for some children who would otherwise be malnourished. In 2018 the government took over the running of the school which it had been unable to establish at inception due to the country's extreme poverty.

Hands of Compassion has moved on to two new school projects and St. Martin's has liaised with them on one; the provision of a new church school in the grounds of St. Paul's Anglican Church, Kawama on the outskirts of Ndola. The Leadership Group and the choir at St. Martin's have jointly raised some monies to finance the purchase of some building materials. When the building is complete (the total cost is forecast to be approx. £45,000) it will provide an Anglican school for 100 children, who otherwise would have no access to education whatsoever.

With our help these children will have a future they deserve.

Rev. Charles Archer Kent, 39th Vicar of Worle

Worle's 39th Vicar, Chas Kent, was something of a character, and I thought we might enjoy sharing a peep at his life and his time in our village.

Charles Archer Kent was born at Ryde on the Isle of Wight in 1864. He had, like almost all 'Clerks in Holy Orders' enjoyed a university education and had a Masters Degree from Exeter College, Oxford.

Sometime in the 1880s he married Diana Josephine Eraud who was born on the island of Guernsey. Perhaps the couple's island births drew them together. There were two children of the marriage, Diana Josephine born in 1889

in Yorkshire, and a son, Elliot Chas Archer, born in Berkshire in 1892. The family moved to Worle in 1896, when Chas became the incumbent at St. Martin's Church.

His daughter was 7 and his son was 4 when they made their home in the then Vicarage in High Street. It seems to be a lovely family home with gardens and 3 storeys. The dormer windows indicate the servants quarters, whilst the family

bedrooms would have been on the first floor. There were no modern facilities, however, and all we know about their servants is that Mabel Collings from Ottery St. Mary, was a live-in housemaid, according to the 1901 census.

There are no family photographs in our collection, but Reverend Kent does appear in the Worle Cricket Team photo, taken in 1900, in Tripps Field.

He is the gentleman 4 from the left in the back row. He is bearded and wearing a strange hat and cravat, very different from the other men in the picture. The Vicar was President of the Cricket Club.

The Vicar also chaired the meetings of the organising committee at Worle Village Club (now The Century Club), and it is from this source that I found his signature.

A photograph of a piece of lined paper with a handwritten signature 'Chas. A. Kent' in cursive script. Below the signature, the word 'Chairman' is also handwritten in a similar cursive style. The paper has horizontal blue lines.

A signature always allows us to feel closer to the person who is wielding the fountain pen.

In 1901, at the Easter Vestry meeting, Rev. Kent resigned his living in the parish. At the time, he was 37 years old and his children were 12 and 9 respectively. The following transcript from a newspaper report at the time goes some way towards explaining his reasons.

The vicar [Rev. Kent] said he thought it would be convenient, at that stage of their proceedings, if he made an announcement which he felt compelled to make. Very shortly after he came into residence he found that financially he would be unable to hold that living for any length of time, and he felt then, that after five years' ministry there, that he would be obliged to resign the living before his certificate with regard to dilapidations had expired. Since coming to that conclusion private financial anxieties had strengthened that necessity, and he had now to acquaint them with the fact that he had sent in his resignation of that living, which would take effect of 3rd September next [1901], exactly 5 years after his induction. To say that he regretted the necessity of such a step was hardly to express his feelings. It was naturally impossible to contemplate the break even in that comparatively short ministry without deep regret at leaving friends who had supported him in the work of the church, and had helped him in the organisations of that parish in which he was thoroughly interested. Looking forward to the appointment of a new vicar, he could truly trust and pray that he might be the man of God's choice and possessed with sufficient private means, for while the income of the living was steadily increasing, the growth of the place would soon make increasing demands upon him.

He was succeeded as vicar of Worle by Rev. Cecil Harman, whose wife's family had made a fortune in the brewery business.

Our sponsored child, Sergio.

Following a talk one Sunday by a gentleman from Compassion, Julie Fleming thought it would be a wonderful idea for the Community Café to sponsor one of the many children who live in poverty in our world. Julie signed on the dotted line and soon we had details of our chosen child Sergio Rodriguez.

Sadly, because Café is no longer running, St. Martin's is to take on the responsibility for funding Sergio.

He is 4 years old. His birthday is on 18th December. He lives in a place called Coloso in Colombia with his mother, sister, grandfather and grandmother. He has a friend Eduar & he likes playing football. He is also looking forward to going to school in 2020.

Apart from paying £25 (soon to be £28) a month to sponsor Sergio our responsibility to him is to encourage him on his Christian journey. To pray for him, his family & community. We can send him gifts via Compassion but they must be paper and no bigger than an A4 envelope can hold. Several books, cards and stickers have already been sent from Café. We can also make extra payments either for him to buy clothes etc or to help his family or community. To enable this there is a white piggy bank on the reading table for any contributions you might like to make.

Out of the mouth's of children

Jonathan, the Vicar's very young son asked his father, "Daddy, I notice every Sunday morning when you first climb into the pulpit to give your sermon, you bow your head for a moment. What are you doing?" The father answered, "I'm asking the Lord to give me a good sermon." Jonathan enquired, "Then why doesn't he?"

..not only children

After church, the woman at the door was embarrassed before the vicar. "I hope you didn't take it personally when my husband walked out during your sermon." "I did find it rather disconcerting," he admitted. "it's not a reflection on you at all," she assured him. "Ralph has been walking in his sleep ever since he was a child."

Bells

People often wonder why bells on the Continent sound different to the ordered sound of English change ringing.

Well, just consider two or three heavy bells swinging to and fro like pendulums. How do you control them? How can you make one follow the other in an orderly fashion? They will surely do their own thing and clash aimlessly.

In the Sixteenth Century, some bright boy had a thought: 'what if the bell is brought upside-down - right on the point of balance where the momentum falls to zero. We can briefly stop, pull it off balance at the exact moment, let it turn back through 360 degrees and up to balance again. With, say, eight bells we can run down the scale keeping one behind the other.'

OK that's the theory. Now we need to design a special wheel and pulley system along with a unique rope design that will allow us to swing the bell higher and higher, ever increasing the arc until we feel it has reached the vertical (balance)

Oh dear someone has allowed a ton of bell to go right over the top, giving him a quick ride to the ceiling because he tried to stop it by hanging on to the rope! Ah well back to the drawing board!

Some engineering whiz kid solved this problem. So now if you want to 'park' the bell, bring it on to balance, then let it roll over by a degree or two until the 'stay and slider' mechanism holds it in position.

When practice night comes to any end it is usual to 'ring the bells down' by gradually decreasing the arc of the swing until they all hang downwards. Of course, if the ringers are feeling lazy, the bells can be left 'up' overnight - much to the disapproval of the insurance company.

It became a little monotonous to keep running down the scales in 'rounds' (from the lightest bell to the heaviest i.e. treble to tenor) and doing a few simple call changes. So enter bright boy number two. In the Seventeenth Century Fabian Stedman, of Cambridge, applied mathematics to the art of bellringing. So now every time the bell comes up to balance a new combination takes place.

It's not just a physical, but very much a mental exercise, which can stretch the brain until one's head explodes.
