

Hi from Junior Fun Church at Fareham Methodist Church

Your school probably has a badge, if you belong to a group or club, it may have a badge. Have a look at the badges here and see if you can make a guess at which football team each of them represents. How many birds are there? What about animals?

The bible reading for today is about Jesus being baptised by John in the River Jordan.

In our church when someone is baptised the minister makes a sign of the cross with water on their forehead. Obviously, that is a sign that cannot then be seen. We should be able to recognise someone who follows Jesus by the way they live their life, not because they wear a badge.

Enjoy this song about Jesus as a superhero and afterwards you might like to design or make a badge to represent you.

Have a good week everyone!
