

*Hi from the Junior Fun Church*

*at Fareham Methodist Church*

One of this week's Bible readings is from the book of Genesis Chapter 9, verses 8-17. The rainbow in the story is said to be a sign of God's promise.

Promises are important, but it can be hard to keep them.

God made a promise to a man named Noah. You might know about Noah's ark. God sent the flood because the people had begun to make lots of bad choices. The flood filled the earth and destroyed everything and everyone except Noah's family and two of every kind of bird and animal.

After the flood waters went down, God made a promise to Noah. He promised Noah that He would never again destroy the whole earth with a flood. Then He put a rainbow in the sky and said to Noah, "I have set my rainbow in the clouds, and it will be a sign of the promise between Me and all life on the earth." God said the rainbow would remind us of the promise that He made.

*Now enjoy this song which retells the story in a really fun way!*

If you have a packet of Skittles try this rainbow experiment. Place some sweets of different colours around the edge of a plate. Pour warm water in the centre of the plate. As the water spreads to the edge of the plate see if a rainbow appears.

*Have a good week everyone!*
