

*Hi from the Junior Fun Church*

*at Fareham Methodist Church*

At last, it feels like summer and flowers are blooming in parks and gardens in lots of colours. Have you ever planted a seed and waited for it to grow?

Jesus told two parables (stories) about growing seeds. One is about planting a seed and as long as it has light and water the seed sprouts and grows all by itself whether we are watching or not! The other story is about how the smallest of seeds can grow into a very large plant. Mark chapter 4 verses 26 - 34

What might the meaning of these stories be? We can share an idea, our love or our faith (beliefs) with others and these may grow and grow even though we might not know at first that this happening.

If you are not able to do any gardening you may like to make a flower. This video may help or give you an idea.
