Closer...

...you are invited to deepen your personal relationship with God by

- experiencing different ways of praying
- sharing your prayer experiences with others in small groups
- learning about rhythm of prayer life
- looking at how your prayers may help in discernment and decision making

Recent participants have said:

"Loved it! Learnt a lot."

"Liked the small group sessions."

"The course has helped me to stop and be still, to look at where I was in my spiritual journey and start to see a way forward."
