

DIOCESE OF BRISTOL FUNDING SUPPLEMENT

This guide outlines the main funders for church projects across the Diocese of Bristol. It includes grant-making trusts specifically based in and targeted at parishes and communities within the Diocese of Bristol, as well as national bodies that aren't included in the Church of England's *'Charitable Grants for Churches'* resource.

Please see our website for more information to help with planning, communicating and funding your church project: www.bristol.anglican.org/fundraising

Looking for funding for a church project in the Bristol Diocese? You've come to the right place!

Across the Diocese of Bristol we are blessed with a huge variety of beautiful, sacred and historic churches. From medieval chapels nestled in the Wiltshire and Gloucestershire countryside to iconic city centre churches and more modern Christian centres, all are special places for prayer, worship and community. Yet they all also come with a responsibility for their upkeep and maintenance. Particularly with older buildings, this can carry a significant financial cost.

The Diocesan Support Services, alongside the Diocesan Advisory Committee, are here to support your church in bearing this responsibility and keeping these special places fit for purpose for future generations. As well as undertaking quinquennial inspections to assess the fabric of all our churches, we also aim to provide tailored support to help parishes to plan and resource any repairs, reordering, or building work.

There are also many grants to support projects such as mission and outreach, and you will find these in the sections as outlined below.

This guide is intended to accompany the existing national list *Charitable Grants for Churches*. The national list is the right place to start, and tells you the main providers of church grants, but this supplement provides details of over a hundred local trusts and foundations that fund churches within the geographical boundaries of our diocese, plus national bodies that aren't listed elsewhere.

This is a working document, so please do tell us if you spot any incorrect information or can suggest other institutions to include in this guide. It will be updated as needed.

On the next page you'll find further information about how this guide has been organised, and how best to use it to search for relevant funding sources for your specific needs. Please see our website for more information to help with planning, communicating and funding your church project:

<https://www.bristol.anglican.org/fundraising/>

We hope and pray that this will be of assistance to all parishes seeking funding for their projects and activities.

Key to Diocesan Funding Guide

This Diocesan Funding Guide lists trusts and foundations that may provide grants for church projects across the Diocese of Bristol. While this isn't a totally exhaustive guide, it aims to list a range of national and more local trusts that aren't featured elsewhere (for instance, the National 'Charitable Grants for Churches' guide).

The trusts are listed in alphabetical order within broad categories. Please note that some trusts may fund project areas that fall under more than one category, but to save repetition they are just listed against one of their programme areas. Therefore, we have also used 'key words' to help you to search for certain activities. These searchable terms are listed below.

This guide is a living document, and is subject to change as trusts come in and out of the funding marketplace. If you'd like to suggest a trust for inclusion in this guide, or suggest the removal of an irrelevant or closed trust, please contact Naomi Buckler at naomi.buckler@bristoldiocese.org or call 0117 906 0100.

Funds projects that focus on the prevention (rather than the alleviation) of human suffering. All trust grants must fall under one or both of the following categories:

Innovative research projects: i.e. those which explore and test new ideas, methods, approaches, interventions

Pioneering / ground-breaking development projects: i.e. those which are original and represent the first of their kind and/or lay the foundations for further developments

The trust has three grant priority areas: Medical, Social and Religious, with education being a central theme that runs across all three. Trustees are particularly keen to support projects that relate to more than one priority area.
