July 2022

Dear Colleagues,

Being a CE school is something special to hold on to, building a strong foundation for all that happens in school and growing connection with your community. I commend this booklet to you as you seek to ensure all staff are well trained in all aspects of Christian distinctiveness and RE, and that those with particular responsibilities feel enabled to train the school community so all can flourish.

Liz Townend  
Diocesan Director of Education

Welcome to our Network Events and Training Courses programme for the academic year 2022 – 2023. It can be found on our website [here](#) and contains links to all online bookings through eventbrite. As you will see there is a wide range of support and training on offer, with a variety of courses, conferences and network meetings to support your work as Church of England schools in the Bristol Diocese. Please note in particular new sessions for 22-23, highlighted for your interest.

*In addition to our annual offer of SIAMS training, you will also be receiving an invitation to book onto important National SIAMS training for all schools, on Thursday 3<sup>rd</sup> November at either 10am or 6pm. Due to this impending training, you need only consider attending our September training if you have not previously attended SIAMS training and are on the list for an inspection this year. Please do ensure you book a place on the free national session for school leaders, governors or staff involved in the SIAMS process. We will run additional training on the implications of this information, in the Spring/Summer 2023.*

This training is for anyone involved with music and worship in schools.

Through lots of singing and sharing of excellent repertoire, Claire and Kirsten will lead you through inspirational songs and hymns suitable for whole school singing, and KS1/KS2 specific songs. The training will consider how to choose repertoire that is meaningful and accessible for you and the children and will introduce different styles of song that might be relevant to different aspects of your school worship, for example Taizé chant when coming together in prayer, part singing, adding a descant or singing in canon. With tips for teaching the songs, reasons for choosing them and a wealth of easy and more challenging repertoire we hope to give you something to sing about.

This training is for anyone involved with spiritual development in schools and partner churches: clergy, LLMs, church volunteers, subject leaders and teachers. We suggest delegates attend in pairs with a representative from church and school.
