stone stacking

“They set down stones to mark the occasion,
and to serve as a sign...” - Joshua 4:5-6

Take a moment to reflect on occasions in the past when God has been with you. Sometimes we don't see it at the time, but we notice it looking back. As you remember each moment, lay a stone.

Now take a moment to reflect on times ahead. God has still promised to be with you. As you continue to build the stone stack, let faith build up within you.

The same God who helped people cross waters, from slavery to freedom, is with us today. Let the stone stack stand as a sign of God's presence and freedom.
