Being a Christian is being a disciple—a follower of Jesus

To grow as a disciple it is good to consider the following three things:

- 1 To know Jesus better**—to explore our own spirituality, to learn from other Christian traditions that may enrich our relationship with God.
- 2 To hear one's sense of calling**—to be able to distinguish the voice of Jesus amidst the noise of the world around us and within us.
- 3 To be confident in our own faith**—to learn more of the Christian story and learn from other Christians about what it means to live out our faith in everyday life.

In the adventure of the Christian life the *Journey in Faith* Course will help you to explore these three areas in the company of other Christians.

Course contents:

Term 1 Exploring faith

This module includes an introduction to the Bible and an exploration of the Old Testament; how it was formed, its context and the characters revealed in it. We study how people have responded to God's call and what that might mean for us.

Term 2 God's call and our response

This module includes an opportunity to consider our own faith journey. We also discover ways of reflecting on God's presence in our lives and in our communities.

Term 3 Christian doctrine

Starting from an overview of the New Testament, we look at the key themes and growth of the church throughout the New Testament period. We study the development of Christian doctrines and hear afresh God's call for the church and our response.

Running through all three modules will be opportunities to spend time discerning our gifts, hearing God's call and considering how we live out our faith.

There are optional assignments each term for those wanting to study in a bit more depth.
