Questionnaire...

1. Are there already disabled people or people on in your church who have an impairment of hearing/ sight/ movement/ learning/ memory?

(Almost certainly, yes!)

2. Have you asked them what their struggles and suggestions are? They are your best resource!

3. What works well here?

For Example

Aisle width good

Ramp (but needs improving)

Availability of Sides people

Roving Microphones

Screen and books for services

Large Print available (and offered?)

4. Got any ideas already?

For Example

Loop test

Ramp improvements

Ask people who we know who struggle for their suggestions

Explore Handrails

Explore/ review each ministry with "Roof-breaker" lens

Think about how we cater in an inclusive way

Review "children's" space for accessibility

Offer light-clips to those with visual impairment

Review the role of Sides People throughout the service

5. Are there people who used to come who now can't?

6. What's a good place to start?

7. When and how will we review our progress and keep the community informed?
